

ST. DAVID'S SCHOOL

Welcome to St. David's School from the Nurse's Office! We are happy you are here and that you have chosen St. David's for your child.

St. David's School uses **Magnus Health Student Medical Records (SMR)**, a secure online medical record system, to maintain all student health records and forms. Magnus Health SMR allows the school nurse to look up vital information, chart if your child comes to visit the nurse, and keep track of medical issues, immunizations, medications, and trends.

In May you will receive a welcome email with detailed instructions regarding how to access the Magnus Health website or app. **All required medical forms will be available through Magnus Health SMR and must be completed and submitted online before August 1, 2022.**

PLEASE NOTE:

- Some forms require both a parent's signature and a health care provider's signature.
- The school is not able to accept paper forms.

If your student requires medication during the school day, please be sure to complete the **Prescription Authorization Form** and reach out to the school nurse. You'll receive an email in early August about bringing in medication the week prior to school starting. Also please also reach out to the nurse if your child has specific health needs that you'd like to discuss. I'm here to help ensure that your child's health needs are managed at school and want St. David's to be a healthy and safe environment for every child. Let me know how I can be of help.

Should you have any questions or concerns, please feel free to contact the Nurse's Office at 919-782-3331, ext. 248, or by email at nurse@sdsd.org.

Sincerely,

Sarah Troiano, RN, BSN

School Nurse
