

FRIENDS OF MERCY

"Sometimes it only takes one act of kindness
to change a person's life."

Kindness and Works of Mercy are the focus of our *Friends of Mercy Club* for students in Sixth, Seventh, and Eighth Grade. Students discover the joy in reaching out to others as we continue this engaging club.

Students will discover creative and fun ways to show mercy. This group will bring their own creativity and ideas to spread mercy and kindness. They will be given an opportunity to choose and plan the projects they feel called to and/or have a connection with. Projects will reach both in and outside of the Mercy community with ties to the Critical Concerns of the Sisters of Mercy.
