

June 6th, 2020

The Kansas Association of Community College Trustees and each Kansas Community College is deeply saddened by the senseless death of George Floyd and similar insensible acts of violence and discrimination that occur in America. Racism, prejudice, and bigotry have no place in our country. We must choose to move forward by taking those feelings and using them to ensure our colleges are places where everyone, regardless of the color of their skin, or their beliefs, are able to thrive. We encourage campus leadership, students, faculty and staff to participate in discussions aimed at finding solutions for change. We strongly denounce rioting and acts of violence. To take action, we are committed to developing plans in conjunction with our students to ensure Kansas Community Colleges set the example for equity and inclusion and lead the way in changing systemic inequities that have existed far too long.
