## Message from Jorge

Great job Team for making in-person learning happen for our students! Our Teams have encountered and overcome many obstacles to get our sites up and running, processed massive student enrollment, transporting/feeding students, navigating CDC COVID19 nutritional guidelines, and continue to protect all stakeholders. Examples of our Team members' hard work includes:

- Facilities continues to fight many battles to keep school sites operating. The past few weeks have been super challenging for the facilities team as we dealt with the extremely cold temperatures, ice, snow, and preparing the buildings for the students to return.
  - Our Plumbers worked around the clock to respond to dozens of water line breaks. Most of which were isolated or repaired quickly so buildings could be occupied the next day. Their knowledge and experience in our buildings allowed them to limit the impact of the broken water lines that did occurred
  - Our custodians and other facilities staff responded during the inclement weather to set-up fans and dehumidifiers in the impacted areas to remove the water and dry the spaces
  - Our grounds team worked together with our custodians to clean the parking lots, sidewalks, and entrances to the schools so the other teams could get into the sites
  - Our Energy Management team and technicians worked around the clock to keep HVAC systems monitored, boilers fired, and inspected buildings. They spent time moving ceiling tiles to allow heat to go into spaces to prevent water and fire sprinkler lines from breaking. Their dedication helped prevent problems from occurring at a much higher rate than what we had
- Transportation continues to run their daily routes to safely transport our students.
- On January 11<sup>th</sup> Child Nutrition celebrated National Milk Day. Child Nutrition has celebrated their team members on March 5<sup>th</sup> by recognizing National Employee Appreciation Day. The Area managers and Ross administration staff hand delivered lifesaver cards and candies (See the "Shoutout" section for pictures)
- Enrollment Center have continued to manage the increase in call volume before the February 23<sup>rd</sup> startup date. It was noted that one day team members handled a 8,000-call volume
- Campus Police is very proud of these officers for modeling the true meaning of service culture.

Continued. . .

- Officer Lisa Stout, School Safety Officer for Webster, also volunteers as Webster Middle School girls volleyball coach. The team had a very successful winning season under her leadership and with 5 strong student-athletes
- Corporal Tracey Johnson, supervisor for Campus Security Officers, is always available and ready to support. She's been instrumental in traffic management support during the summer employee food bank for district employees (ESC parking lot), and recently supporting with traffic management during the going away parade for Chief Nolberto Delgadillo (CFO).

A few important updates:

- March is Women's History Month. Women are 50% of today's workforce and are the largest demographic to obtain college degrees. We recognize the sacrifices and contributions Women make to this country
- Employee Appreciation Day was March 5<sup>th</sup>
- St. Patrick Day is March 17<sup>th</sup>, remember "Green"
- We continue to encourage team members to take the COVID-19 vaccine
- I look forward to seeing and talking to you as I visit your workplaces
- As COVID-19 cases to go down and as we get vaccinated, this is not a time to let your guard down. We will continue to practice all COVID-19 safety protocols
- The three "W's" **Wear your face covering, Watch your distance and Wash your hands.**
