Moving Forward Together!*

Office of the Superintendent

June 26, 2019

As Superintendent of Kansas City Public Schools, I am proud to present to our Board of Directors a budget that is strategic and equitable for the 2019-2020 fiscal year. This marks an important next step in a collaborative process that has involved many members of Team KCPS. I am very pleased with the work and planning that has occurred as we together crafted this budget, which prioritizes both our schools and student needs. Our work to prioritize and tie our spending to the district's strategic plan allowed us to reallocate resources first and then add where needed to meet the *Ends* of Board Policy. KCPS remains a financially stable school district with an "A" quality Standard & Poor's credit rating due to this type of effort.

We must never lose sight of the real people behind these cold numbers. A budget is only valuable if it helps us nurture the type of school system our stakeholders need and deserve. I am confident that this budget will support our core mission as a school system to provide a quality education that prepares all of our students, regardless of background or circumstances, for success in college, career and life. To that end, schools will be funded at and beyond Missouri School Improvement Program standards. This document reflects our priorities as a school system. These priorities include achieving academic accreditation by creating great curriculum, mastering subject areas, developing our team, addressing the social and emotional needs of our families and increasing graduation rates. Additionally, there will be an intentional focus on work force readiness. This budget also will allow us to begin to focus on the solutions mapped in our new long-term strategic plan.

KCPS is changing the narrative about our school system and beginning to aggressively market the unique and high-quality educational opportunities in our neighborhood schools. This should have a significant and positive impact on our long term fiscal health because enrollment drives the budget. However, under my leadership, money does not and never will drive KCPS. This budget is merely one facet of an educational ecosystem designed to develop children and support communities. We strive to reach all families because every child deserves an equitable shot at success. That is our mission.

Yours in education,

Budget Message from the Chief Financial & Operations Officer

Fiscal responsibility begins with sound budget preparation and is the ultimate duty of Administration when recommending a budget to the Board of Directors. The Budget and Finance Staff of Kansas City Public Schools has worked with the leadership of the District to prepare a budget that meets these guidelines and allows for long term fiscal sustainability.

The KCPS budget will consist transition from three primary accounting funds – Operating, Local and Federal Grants, and Child Nutrition to two in the 2019-20 year combining Grants into the Operating Fund. This is to align with heightened guidelines from the Department of Elementary and Secondary Education. Collectively, the total budget for 2019-2020 reflects revenues of \$257,242,038 and expenditures of \$257,237,805 for net revenue over expenditures of \$233. This results in a total fund balance budgeted at \$64,880,790, which is equal to 25.2 percent of total expenditures and transfers for all funds at 6/30/2020. Keeping an ample fund balance with revenues and expenditures within less than one percent of one another indicates fiscal sustainability. The current year budget shows total revenues of \$257,506,993 and expenditures of \$258,786,395 resulting in use of reserves of \$1,279,402. As the 2018-19 fiscal year end closes, we anticipate revenues beyond expenditures that will increase reserve balances rather than decrease as the budget sets.

The 2019-20 budget includes an increase in assessed valuation of 14.99%, due to current reassessment efforts as reflected in preliminary assessed valuation. While local revenues significantly increase, state funding will decrease due to an increase in charter school enrollment in recent years.

Our efforts in the 2019-20 operating budget focus more dollars on instruction increases in local revenues. In this budget, current personnel receive salary increases that average 2.67 percent and continue to receive benefits equal to those currently provided by the District. Leaders and faculty have been added to Career and Technical Education and class sizes is maintained below those prescribed by the Department of Elementary and Secondary Education as well as the District’s Master Plan, using the tiered model of instruction supports. Staffing to support a K-2nd co-teaching model in special education is added as well as District funding of Pre-K classrooms to assure our KCPS Pre-K enrollment is sustained. The final primary focus of the budget is technology, both student devices and critical capital infrastructure. By aligning our budget to the District’s Strategic Plan, we prove the system’s dedication to the Plan and the achievement of the Board’s goals and ultimately full accreditation.

The various budget managers across the District have been prudent this year in use of allocated resources and will continue to be in the 2019-20 year to allow continued efforts. We are grateful for the trust that comes with recommending the annual budget to the Board of Directors and the Citizens of Kansas City.

Linda D. Quinley, Chief Financial and Operations Officer

FACTUAL BACKGROUND: The Comprehensive Budget represents the Operating Funds including Grants, and Child Nutritional Service Fund. FY20 budget development started in February 2019 guided by the MSIP Standard, KCPS Tiered Model to align resources to students in greater needs, and Zero-Based Budgeting for District Wide Departments to itemize and request their needs that are aligned to the Strategic Plan.

The proposed budget reflects a net decrease in revenue of \$268,955 and a decrease in expenditures of \$1,548,590. While local tax revenue is estimated to increase based on preliminary assessed valuation, however, charter schools’ enrollment is estimated to increase in school year 2019-2020 causing a decrease in state revenue. In addition, local, state and federal funded grants were decreased until the actual amount of the grant is awarded by private agencies and the government.
