

Field Trip Permission Slip

Dear Parents,

From time to time in addition to the in-class studies that your children receive, a complementary out-of-class learning experience that helps the content of the classroom become more meaningful is offered.

This permission slip will allow your child to participate in learning trips that teachers may schedule during the regular hours of the school day, from 8:30 am to 3:30 pm. While you will continue to receive information on any upcoming learning trips that are scheduled during class periods, you will not need to sign a permission slip once you have signed, dated and returned the bottom portion of this letter to the elementary classroom or secondary homeroom teacher. Special learning trips that take place outside of regular school teaching hours (after school or on weekends) will continue to require an additional permission slip and your signed permission.

We hope that this simplifies the permission slip process. We look forward to an exciting year that will include meaningful learning trips for all involved.

Sincerely,

Timothy Schlosser
Head of School

All-Year, In-Class Learning Trip Permission Slip

I give my son/daughter _____ from the _____ grade,

permission to participate in all learning trips that will be scheduled during the regular school day

(between 8:30 am – 3:30 pm).
