<p>AP Human Geography Bootcamp is a condensed version of the AP Human Geography course offered at the high school. AP Human Geography is a college-level course, with high school support and guidance, that is designed to introduce students to the systematic study of patterns and processes that have shaped human understanding, use, and alteration of Earth's surface. The course follows a strict set of guidelines that have been outlined by the College Board. They have also set specific course goals. Upon successful completion of this course, students should have developed skills that enable them to:</p> <ol style="list-style-type: none"><li>1. Use and think about maps and spatial data.</li><li>2. Understand and interpret the implications of associations among phenomena in places.</li><li>3. Recognize and interpret at different scales the relationships among patterns and processes.</li><li>4. Define regions and evaluate the regionalization process.</li><li>5. Characterize and analyze changing interconnections among places.</li></ol> <p>The purpose of this course is to prepare students for the rigor of a college-level social studies course that will be taken as a 9th grader and will further help develop the knowledge and skills necessary to succeed in the other social studies courses offered at the high school level.</p>

## Summer Saunters 2021

*June 7th - June 11th*

Course Number in Infinite Campus # S0100

Saunters continue to evolve in the School District of Lodi. This course has a 13 year history of partnership with Lodi staff and students, the Ice Age Trail Alliance, National Park Service and Wisconsin Department of Natural Resources. If you have any questions please feel free to contact a Saunter Leader for more information.

### **Saunters Hiking June 7 – June 11th (June 11th is a half day) Fee \$25.00**

The Saunters program started in Lodi in 2008 with a weeklong course dedicated to hiking. Celebrating 13 years of Sauntering in Lodi requires some dynamic hikes. Students will load the bus each day at 8am, travel to a unique segment of the Ice Age Trail, return to school by 4pm. Along the way participants in grades 3 – 12 will explore Wisconsin on foot, build leadership skills and learn about our glacial legacy through the ColdCache program. ColdCache is similar to geocaching only students identify landforms to meet the goal.
