*Dear Members of the Lyme-Old Lyme Communities,*

On March 3, the Region #18 Board of Education approved a budget of \$34,966,548 for the 2021-2022 school year. The proposed budget represents a 0.73% increase over the prior year. Combined with last year's budget decrease of 1.06%, the overall change over two years is negative 0.34%. This represents a decrease of \$118,210 since 2019-2020. The Board of Education has strived to preserve and build upon the high standards of education in Lyme-Old Lyme while remaining fiscally responsible to our communities.

Included in the budget are two facilities projects including replacement of the tennis courts at Lyme School and a study for the upcoming refurbishment of the elementary schools and the middle school.

The proposed budget includes additional technology support, as the role of technology grows in education, monies for our curriculum renewal cycle for grades 3-8, as well as replacement of the high school sound field systems and network switches. As a result of community input and interest, we will also be adding wrestling as a new sport.

For the last several years we have seen our enrollment numbers exceed our projections. We anticipate continued enrollment growth at the elementary level and therefore have added additional staff to address this.

Please contact us if you have any questions.

Sincerely,

**Ian Neviaser**  
*Superintendent of Schools*

**Diane Linderman**  
*Chair, Board of Education*
