

30 March 2021

Dear Parents/Carers

We are at the end of the spring term which has ended much better than it started. We are so pleased that the children returned to school, and with their usual resilience, it was as if they had never been away.

In spite of most of the children only being in school for 4 weeks, we have managed to squeeze in an author visit, a theatre production, book week and science week as well as Parents' Evening. It has been a 'full on' return to school.

This has been a difficult term for the whole school community, and we all deserve a rest. Staff will not be setting work for the holidays and will be taking a break from SeeSaw communication over the Easter break. If there is an emergency, please email the school office as these emails will be checked regularly.

With restrictions lifting slightly, and hopefully some warmer weather, the Easter holidays will be an opportunity for us all to catch up with friends and family and to get outside as much as possible.

After Easter, we hope to allow children to mix within their phases, outside at break times. This will mean that children in years 1 & 2, 3 & 4 and 5 & 6 can mix outside. This will allow children to play with children in an additional year group.

Now that the weather is warmer, our banks along the school drive are starting to grow and flower. Please do not allow your children to climb on the banks and trample the wildlife and the wild flowers. They are there for everyone's enjoyment. The bank alongside the drive is particularly steep and if a child slipped and fell down they could sustain a very nasty head or other injury.

We would like to take this opportunity to thank you for your ongoing support and kind words. We are so fortunate to have such a strong St Peter's community.

Have a lovely Easter break and we will see you on Monday 19th April.

Caroline Barriball & Samantha Sandle
Co-Headteachers
