The Superintendent or designee shall implement requirements of the IGA. While implementing requirements of the IGA, the Superintendent or designee is responsible, without limitation, for each of the following:

If reimbursable meals or snacks provided under the Hunger-Free Students' Bill of Rights Act are the basis of the District's delinquent debt claim of no less than \$500, the notice must be sent to a student's parent(s)/guardian(s) only after (a) the student owes the District more than five meals and/or snacks; (b) the Superintendent or designee made: (i) repeated contacts to collect the amounts owed, and (ii) reasonable efforts to collect the amount due for at least one year; and (c) the District requested the student's parent(s)/guardian(s) to apply for meal benefits pursuant to policy 4:130, Free and Reduced-Price Food Services, and they either: (i) did not qualify, or (ii) refused to apply.
- 2. An individual or entity challenging a claim shall be provided an informal proceeding to refute the claim's existence, amount, or current collectability; the decision following this proceeding shall be reviewable.
  - a. If a waiver of student fees is requested as a challenge to paying the claim, and the waiver of student fees is denied, an appeal of the denial of a fee waiver request shall be handled according to 4:140, *Waiver of Student Fees*. If no waiver of student fees is requested, reviews regarding payment of the claim shall be handled according to this policy before certification to the IOC for offset.
  - b. If application for meal benefits pursuant to policy 4:130, *Free and Reduced-Price Food Services*, is requested as a challenge to paying the claim, and the request is denied, an appeal of the denial of the request shall be handled according to 4:130, *Free and Reduced-Price Food Services*. If no request for meal benefits is received, review of the claim's payment shall be handled according to this policy before certification to the IOC for offset.

4:45 Page 1 of 2

- 3. Certifying to the IOC that the debt is past due and legally enforceable, and notifying the IOC of any change in the status of an offset claim for delinquent debt.
- 4. Responding to request for information from the IOC to facilitate the prompt resolution of any administrative review requests received by the IOC.

# **Use of Credit and Procurement Cards**

The Superintendent and employees designated by the Superintendent are authorized to use District credit and procurement cards to simplify the acquisition, receipt, and payment of purchases and travel expenses incurred on the District's behalf. - 2. The Superintendent or designee shall instruct the issuing bank to block the cards' use at unapproved merchants.
- 3. Each cardholder, may charge no more than their available monthly credit limit within a given month without prior authorization from the Superintendent or designee.

The Superintendent or designee shall provide the Board with projected facility needs, enrollment trends, and other data impacting facility use. Board approval is needed for all new facility construction and expansion.

When making decisions pertaining to design and construction of school facilities, the Board will confer with members of the staff and community, the Illinois State Board of Education, and educational and architectural consultants, and other persons and entities, as it deems appropriate.

#### Naming Buildings and Facilities

The Board of Education recognizes that respect and gratitude for individuals who have made significant contributions to Elmhurst School District 205 and the community may be expressed by naming a school building and/or facility in honor of those individuals. Acknowledgment in this manner perpetuates the memory of the contribution and provides a sense of history for future students, staff, and residents. Any Elmhurst School District 205 building or facility may be designated to be named. Names may include a living or deceased person who has made significant contributions to the District through longevity or service, exemplary leadership, philanthropic contributions or other significant means. To eliminate spontaneous or emotional response, typically nominations will not be considered until three years after the service, contribution or death of the individual or the last designation of a name for the building or facility.

This policy does not bind the Board of education to name buildings or facilities after persons who have contributed to the District. Other memorials such as scholarships, plantings, furnishings, equipment, or art are also appropriate memorials for commemoration of outstanding contributions to the District.

All requests for the naming of facilities, auditoriums, libraries and grounds must be presented to the Superintendent through a formal letter with the reason(s) for the request. A committee will be appointed by the Superintendent for each request. The committee has the responsibility to review any suggestions submitted in writing, study the impact of the requested recognition on the school, the District and community, and make a recommendation to the full Board of Education for the acceptance or rejection of the request.

Appropriate name plates, plaques or markers for named or commemorated facilities will be provided by the District. Following a simple majority vote of the Board, the approved facility will be known by its official name.

# School Safety and Security - Video Surveillance

The Board of Education authorizes the use of a video surveillance system to monitor the activities of individuals in District 205 facilities and on District property, with the exception of classrooms or locations where instruction is given, teacher lounges, washrooms, locker rooms, changing areas, and showers.

All District facilities with video surveillance cameras will display a notice at the main entrance indicating that video surveillance can occur in that facility to help maintain the safety and welfare of students, staff, visitors and District property, and to encourage appropriate conduct. Parents and guardians will be notified annually that video cameras are used in District facilities and on District property.

Information recorded with the video surveillance system is for official use only. The Superintendent and other personnel designated by the Superintendent ("Authorized Personnel") are authorized to view recordings made in District facilities and on District property for the purposes set forth above.

The Board of Education or its hearing officer may view recordings as part of its administrative responsibilities with respect to student discipline or an employee grievance of an adverse personnel action. The recordings may not be used for general showings to individuals or groups and may not be given to the media. The Superintendent and Authorized Personnel may show relevant portions of the video recordings to students and their parents or guardians. With the permission of the Superintendent, his or her designee, or the Board of Education, the recordings may be made available to law enforcement officials for use in accordance with this policy.

Video surveillance recordings will be kept no more than 30 days or until such later time as the Superintendent or Authorized Personnel determines that a recording is no longer needed.

When the resulting video recordings are used as a basis for student discipline, the parents/guardians will be notified and given the opportunity to view the recording of their child. Any disciplinary action against a student or staff member resulting from evidence garnered from the use of surveillance cameras shall be dealt with in accordance with established Board policy, administrative regulations, established District practices or negotiated agreement.

This policy is not intended to address instances where District staff or students video record a specific event (such as an athletic event) or where video is recorded for educational or research purposes (for example, situations where teacher professional development is recorded or where a student is required to record a class project or presentation).
