✓ indicates a required form

A note regarding medications to be administered at school: The Permission to Administer Medication Form is required on an annual basis for all students in Grades PK-5 who will need prescription (including epinephrine auto-injector and inhalers) and/or over-the-counter medications administered at school. In addition to this form, any student with a prescribed epinephrine auto-injector must also complete the FARE Food Allergy & Anaphylaxis Emergency Care Plan; any student with a prescribed inhaler must also complete the American Lung Association Asthma Action Plan. **The Permission to Administer Medications form is required for all students in Grades 6-8.**

Completed health forms are submitted electronically through the Magnus Health Portal. **Please do not submit paper copies or email forms to the Health Office or Portry.**
