Seniors Return to Campus!

After an entire year with distance learning, our Senior students are offered the opportunity to return to classes in person! Lakeview is extremely excited to see them again starting April 12th! Hopefully this is a sign that in the near future other grade levels will be returning to campus as well. Keep an eye on your email, voicemails and our social media page to stay as informed as possible.

SkillsUSA - Regional Competition Results 2021

The 2020-2021 school year has proven to be a challenge for many students with distance learning. The following 21 students decided to step up and rise to the challenge of competing virtually in SkillsUSA. Most of these competitions also had the added complexity of competing as a team but students never met with each other in person. I am proud to announce that all 21 students will be advancing to the state competition!! Amazing job Lakeview robotics students. I am so proud of you!!
