

The Opportunity, Equity and Inclusion Department at the Lake Washington School District condemns the nationwide racist and xenophobic actions targeting our Asian and Asian-American communities.

Since the wake of the coronavirus pandemic, [over 2800 attacks](#) were reported against Asian and Asian-American people, communities, and businesses. These anti-Asian sentiments and violence have been fueled by political rhetoric and misplaced blame when the coronavirus started to spread across the country. Nearing the year-long anniversary of the battle in this pandemic, [there has been an unnerving wave and rise of anti-Asian hate crimes, attacks, and murders](#).

We full heartedly support our Asian and Asian-American families, students, and staff in LWSD. We stand up courageously against all forms of racism, and we must fight it with solidarity. Most importantly, we advocate, acknowledge, and appreciate the strength and diversity that our Asian communities bring to our schools.

To learn more about ways we can stand up for our LWSD community, the OEI department recommends the following resources in response and support of our Asian and Asian-American students and families.
