

BinaxNOW Rapid COVID-19 Student Testing- Lackland ISD

Lackland School District has been provided rapid test kits from the State of Texas. We have test kits available for use on campus and will extend testing opportunities to enrolled students beginning Monday, March 29, 2021. COVID-19 testing kits can be discontinued at any time.

Use of Tests by Students

1. Any student receiving a test must have a signed consent form from their parent/guardian.
2. Any parent of a student wanting their child to receive a test should make an appointment.
3. Results will be reported to the student's parent, Lackland ISD nurse, San Antonio Metro Health, and TEA as mandated by the state.
4. The results from the rapid tests can be used to return to school if all criteria are met such as no fever for 24 hours without medication, AND other symptoms have improved. This will be looked at on a case by case basis.
5. The results from the rapid tests **CANNOT** be used to shorten a 14 day quarantine for exposure since you cannot test out of quarantine.
6. The results of a rapid test CANNOT be used to shorten the required 10 day isolation after a positive test result.
7. If concerned after travel or other activities, tests can be done for reassurance if appointments are available.

Arranging for a Test

If your child is experiencing symptoms at home or are currently quarantined-

1. Make an appointment by calling 210-357-5036.
2. At your appointment time, we will utilize the Stacey bus loop. You will stay in your car and the test administrator will come to you.
3. Complete the [Student COVID-19 Consent Form](#). This form provides us with the necessary consent to be able to administer the testing for your child on-campus.
4. Complete the [Testing Kit Demographics](#). You need to register some demographic information with the state in order to have your child tested. You will receive a QR code with this step.
5. Bring your QR code (taken with the picture on your phone) to your appointment.

If your child is not having symptoms-

1. Make an appointment by calling 210-357-5036.
2. Complete the [Student COVID-19 Consent Form](#). This form provides us with the necessary consent to be able to administer the testing for your child on-campus.
3. Complete the [Testing Kit Demographics](#). You need to register some demographic information with the state in order to have your child tested. You will receive a QR code with this step.
4. Bring your QR code (taken with the picture on your phone) to your appointment.

5. Specimen collection will be completed outside under the front awning of the auditorium if weather permits.

If symptoms begin on campus- the nurse will call the parent to determine if the parent wants to proceed with COVID-19 testing.

Results

Results will be ready in approximately 15 minutes. We ask that you wait for the results in your car or in the Eagle Clinic if you are on campus. Parents/guardians will be notified of your results by the test administrator. Test results will also be text and emailed to the parent/guardian by TxRapidTEST.org within a few hours.
