

**Addendum #1**  
**RFP #21-008-230 STEM Kits**  
**Questions and Answers**

1. Would the district be able to receive partial shipments (i.e. some portion of the total received on June 2nd, remainder delivered by a slightly later date)?  
**Yes, meaning that all materials would need to be delivered by June 2, not afterward in another shipment. Thanks!**
2. We just received RFP 21-008-230. Other than quantity, and specifying 3<sup>rd</sup> grade, this is so similar to as RFP 20-12-230 that we submitted in Dec. 2020. Can you tell me if this new RFP is replacing the previous? Or are you looking to expand the Nutty Scientist offering?  
**Though similar in nature, this is a new RFP. The kits requested via RFP #21-008-230 STEM Kits are based on a different set of books in comparison to the books listed in RFP #20-12-230 STEM Kits.**
