

## App/Website Use Permission Form

Parents,

As part of our iReach initiative, the students of Maryville City Schools will be using iPads to create projects applying content knowledge in innovative ways. Many of our students will be using the following iPad Apps. In these applications, students will embed photos, videos, and other creations that will be shared via email, the school website, or other apps. Some of these applications require account logins. The student will be given a generic user name to log in to these accounts. To comply with the terms and conditions of some of these sites and apps, we need parental consent for students to use the account.

My BrainPop 	Nearpod 	Epic! 	IXL Math/ELA 
Scholastic Apps 	Showbie 	Classlink 	Clever 
Code.org 	SeeSaw 	iReady 	ChatterPix 
ABC Mouse 	Prodigy 	Mastery Connect 	STAR/AR 
Fast Forward <i>Fast ForWord</i> Reading Assistant 	Quizlet 	Kahoot 	iMovie 
Moby Max 	Pic Collage 	Boom Cards 	Quaver 
ReadWorks 	Data Tracker 	OneNote 	Reading Assistant 

I give permission for...

...my student to use the generic account that the school creates for these apps with appropriate supervision.

...student projects containing pictures or videos of my child to be shared via appropriate communication tools (email, school website, and parent communication apps such as Seesaw.)\*

...teachers to upload pictures of my student to photo processing sites (such as Walgreens, Shutterfly, etc.) in order to send off for prints.

(Other apps that do not require logins or involve student pictures will also be used in our classrooms.)

**\*Under the Child Online Privacy Protection rule, EVERYONE (including teachers AND parents) must ask explicit parental permission to share a picture, video, or voice recording of a child under 13. Please do not share these to your personal social media if other students are included in the project/photo/video/recording unless you have asked permission from their parents.**
