ADHD, Clarified Webinar

We've all watched a lot of webinars this past year, but this [webinar from ADDITUDE](#) stands out for being very practical and useful. The presenters

Getting Ready for Kindergarten: Ways to Support Your

Nutrition Nuggets Program

Want to learn how to make nutritious food choices within a limited budget and choose a physically active lifestyle?

describe ADHD, how it impacts people's lives, and the many amazing gifts that come with it. Many of the things addressed also cross over into the everyday lives of people that do not have ADHD, but have struggles with the isolation that the pandemic has brought.

Young Child's Learning

We know that learning starts at birth and a child's brain development happens fastest during the first five years of life. Learn about tools and technologies you can use with your young child (ages 3-5) to get them ready for Kindergarten and school success.

This [Zoom Webinar from the PACER Center](#) is designed for all families and professionals, including children with disabilities.

Join Dianne May, Program Assistant for SNAP-Ed at OSU Extension for a bi-weekly class. We'll focus on MyPlate, Vegetables & Fruits, Dairy, Whole Grains, Protein Foods, Food Shopping and MORE! The series is FREE; registration is required. Check out this [flyer for more information](#).

Executive Function Training

Understand how "executive functioning" skills play a role in every day decision-making and problem solving. You will learn strategies to help to support your child's strengths and challenges

Guardianship, Supported Decision Making, & Charting the Life Course

[Guardianship in Ohio](#) is written for families who have a child with a developmental disability, but it may be relevant for others who need to navigate the often confusing and intimidating
