

Transition from Early Steps to Public School Pre-K

What if my child is declared “not eligible” for special education services with the school district at age 3?

Your child may participate in many community programs, preschools, child care, etc. at your own cost. That decision is yours.

Where can I find information about preschools and child care?

Florida provides an information portal to search and review child care licensing information about specific providers:

NAEYC provides information for developmentally appropriate activities, quality child care, etc.:
