Coach Judd Nets 100th Win

On Wednesday night, the Kent Denver girls’ basketball team beat St. Mary’s Academy 55-12. The victory marked a significant milestone for Coach Richard Judd—his 100th as a varsity coach.

“I was thrilled to witness Coach Judd win his 100th game as the girls’ basketball head coach at Kent Denver,” Athletics Director Jeff Hollway said. “Winning 100 games is no small feat and doing it all at the same school is something even more special.”

AD Emeritus Scott Yates also was on hand to witness win #100 and, at Mr. Hollway’s invitation, had the honor of presenting Coach Judd with the game ball during a post-game celebration.

When asked about his achievement, Coach Judd expressed his admiration for all of the players who have been part of building this successful program.

“Obviously, this accomplishment means a lot to me. However, I am most proud of the family we have built in the girls’ basketball program. We started with 15 girls in the program my first year and now consistently have close to 30 every year. They created their own identity called the ‘Ladies of Ballerado,’ and they know that once you are a member of the family, you are a member for life,” he explained.

“This year’s group got me to exactly 100, but every member prior should feel a sense of pride in reaching this milestone.”
