

The world is our classroom.

Realize Reggio!

Relationships and community are the foundation of the Reggio Emilia-inspired philosophy of Little Reds. As part of our community, we invite you and your family to spend some time with our expert early childhood educators to see for yourself how a Little Reds education can be an experiential and dynamic process that results in deep learning and enduring understandings.

Question everything! Ask questions as you observe fearless exploration at every corner of our outdoor classroom! Watch your child touch, move, listen as he or she engages in activities that stir the emotions! Bring your walking shoes to explore our Backwoods, five acres of old growth forest under forest conservation, which is used as an outdoor classroom.

Learn more about Little Reds at www.rpcs.org/little-reds

Roland Park Country School is an independent school for girls in Grades K-12, with a coed preschool (Little Reds) for children 6 weeks through 5 years.
