

Spray Bottle Label Order Form

All secondary spray bottle labels at your facility need to follow GHS Protocol. These labels are waterproof, chemical resistant, abrasion resistant, UV resistant, tear resistant, and meet the standards required by law. They will *not* need to be taped over or replaced frequently. Custodial Services Administration covers the cost of these labels and they will deliver them to you through the pony. It can take up to a week for you to receive you labels.

Order the number of pages you absolutely need for your facility. Do NOT stockpile! There are 4 labels to a page. Print this form, fill it out, then please send it in via email to dsdcustodial@dsdmail.net, or fax the form to 801-402-7881, or send it in through the pony. We will NOT be accepting orders over the phone.
