It includes: what you need to do before school starts, important dates, required physical forms and graduation requirements for students' four year progression at Serra.</p> <p>Have additional questions or can't find information? | <p>What type of summer communications can I expect?</p> | <p>Serra uses PCR Educator - a web-based school information management system that manages student data and securely shares academic records with students, teachers and parents. Families will receive an email from Keith Strange with directions on how to create an account in PCR before June 1st. If you do not receive this email by June 1st, please contact admissions@serrahs.com</p> <p>Near the end of June, all families will receive an electronic summer mailing that includes information about logistics, policies and procedures (student handbook), medical info, carpooling, orientation, photos, mothers' auxiliary, father's club.</p> <p>Once school starts, you will receive a weekly e-newsletter called "Spotlight" that is sent to all parents.</p> |
| <p>When will we receive information about carpools?</p> | <p>Carpool information comes out with the summer mailing (July). All families will receive a survey requesting interest in carpool formation. We encourage you to complete the carpool interest form. There are a lot of communications coming from different people and it is somewhat challenging to keep track of what to expect when.</p> | <p>While we appreciate that you are receiving communication from different constituents right now, you will see a slow down in communication in the coming weeks. You may see additional departmental communications as it relates to COVID-19 or the beginning of the school year. | | <p>Some courses use online textbooks, some use physical textbooks and some use a combination or let students decide. Each teacher makes independent decisions about what material best supports his/her class.</p> <p>Serra is a Bring Your Own Device school. While Serra doesn't dictate the device a student uses, we do require that it meets minimum system requirements. Requirements are located at serrahs.com under academics and technology or found here.</p> |
| <p>What type of summer homework will there be and is it required?</p> | <p>Summer homework is an important way for students to retain the skills and knowledge developed over the school year and help with the smooth transition into a new school. Math homework will be available by logging on to PCR (after June 1).</p> <p>English - all students are expected to read two books over the summer.
