Permission to Administer Treatment

Dear Parents/Guardians:

In the event of an injury, or your child becomes sick while at camp, all efforts will be made to contact the parents or guardians before treatment. However, often it can take hours before contact is made, leaving the child uncomfortable with a headache or itchy poison ivy. Rather than do this, I would like to suggest that parents/guardians take a moment to sign below and authorize permission for treatment as deemed necessary by the camp nurse.

All treatment will be made following the camp's Standing Orders as written by our camp doctor, Nancy Austin of Day Kimball Hospital Medical Center.

Jennifer Morton, R.N.
