Teamwork – YEL soccer classes for kids are designed to make sure everyone gets a pass before a team takes a shot, and that every player has a chance to shoot and score.

Inclusion – Everyone participates all the time. There is very little down time in this program. These high-octane classes are fast-paced and move from one game to the next very quickly.

Fun – This word is so overused for youth activities, but it's true. We really want the kids to have a great time, play a lot and leave the class invigorated.

Our soccer curriculum features dozens of skill building exercises, games that solidify those skills, and a modified soccer game that includes all players (see **Play It!** above).

THE MISSION OF THE YOUTH ENRICHMENT LEAGUE is to engage youth to **•THINK!** **•LEARN!** and **•PLAY WELL!** To meet that mission, every {YEL!} curriculum is designed with the elements of **Teach It!...Practice It!...Play It!**
