

2020-2021

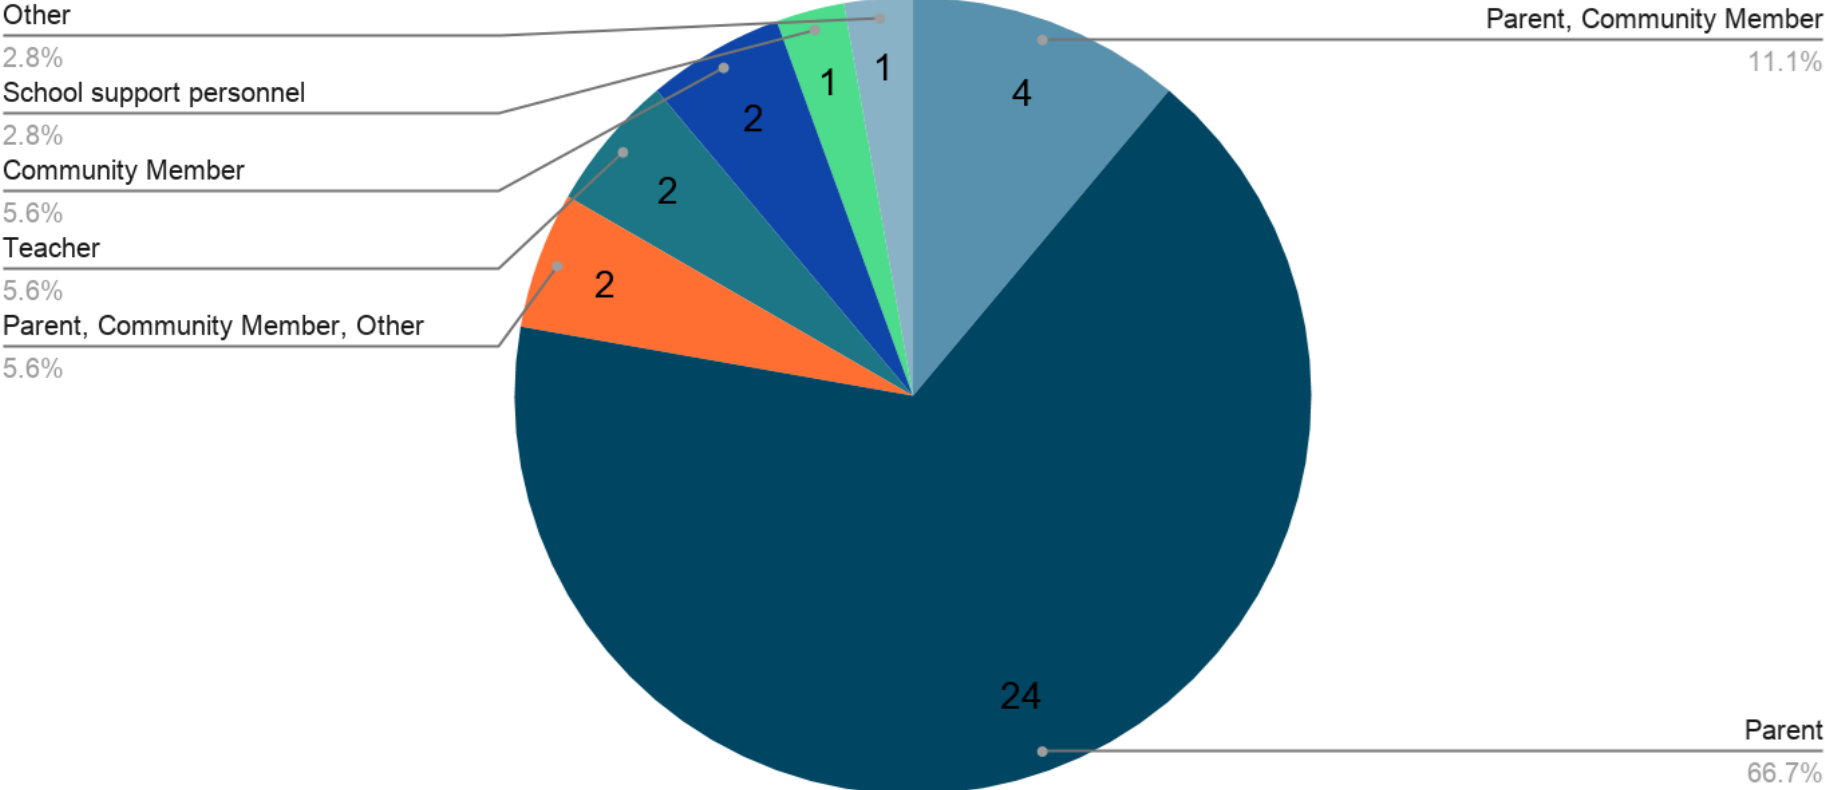

Virtual Federal Programs Consultation - Data Report

Here's how we solicited your feedback:

- The presentation was recorded and is [linked on the district website](#).
 - The presentation was featured on our District News page and is currently found on the Parent and Family Engagement Page of the tulsaschools.org website.
- The presentation and survey are available in English and Spanish.
- A total of 36 parents, community members, and staff responded.

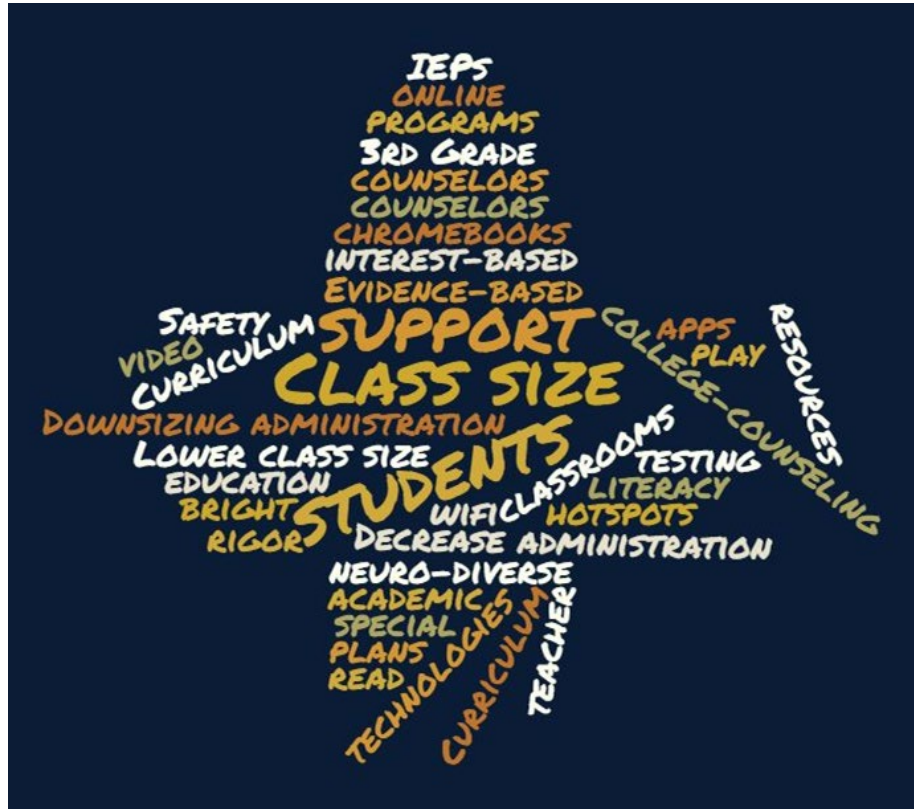

With what group(s) do you identify?

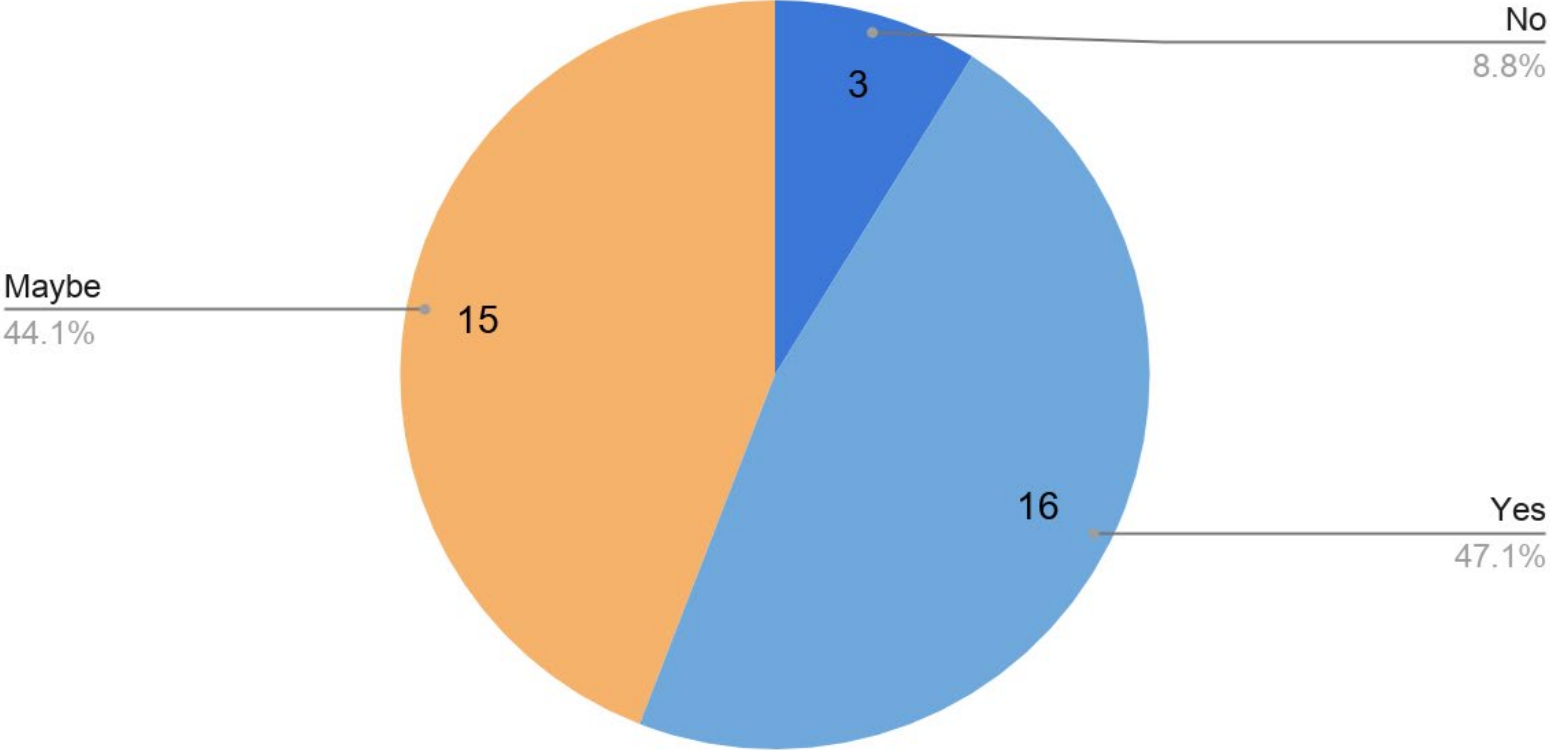

Ranked by number with #1 indicating the most important

Pos.	Description	Points
1	Ensuring an effective teacher is in every classroom	19
2	Supporting and retaining teachers	15
2	Ensuring post high school readiness	14
4	Improving the average daily attendance	12
5	Increasing graduation rates	11
6	Improving 3rd grade reading proficiency	11
7	Increasing the % of students meeting growth goals	11
8	Reducing suspension rates	11
9	Reducing chronic absenteeism	9
10	Ensuring that the curriculum meets college and career standards	8

Are there any priorities you would like to add?

Do you support the current proposal for using Federal funds in the 2020-2021 school year?

Additional comments or questions related to Tulsa Public Schools' federal funds.....

- “I'd like to see the District work with Kevin Hern in regards to this.”
- “Only native people should control Title VI and VII funds”
- “Improvement is not reflected in learner outcomes achieving mastery/proficiency of the OK Academic Standards or shown in developmental growth for each child--for ALL Children. This has been a generational systemic problem.”

Improvements to the survey for next year

- We will ask for participants to rank by perceived importance instead of yes/no.
- We will ask for additional details for those who answer “maybe” or “no” when asked if the plan for federal spending is supported.
- If possible, we will have an in-person meeting with community members
