

I am going back to School!!!

Hi! My name is _____. I go to school every day on the computer. I like to see my teacher and my friends.

I stay at home for school because of the Coronavirus. The Coronavirus can make people sick. It was very bad so all the schools were closed. But it is better now so I am getting ready to go back to school.

To get ready to go to practice wearing hands and practicing important to do these will get the Corona

back to school, I have my mask, washing my social distancing. It is things so that no one Virus in school.

To keep safe, all the kids and teachers have to WEAR A MASK ALL day. It is a school rule that masks have to cover mouths and noses. I am going to practice wearing my mask at home during school so that I am really good at it when I go back to school.

Another way we will keep safe is keeping germs off our hands. So another school rule is that we WASH OUR HANDS and use hand sanitizer all the time. It is also important to not touch other

people or other people's things. I am going to practice washing my hands so that I am really good at getting all the germs off!

The last rule at school to keep everyone safe is **SOCIAL DISTANCE**. This means that everyone has to stay far apart. This is hard to do because I like to hug my teachers and friends, but we are not allowed to do that for a while at school.

Everyone has a right to be safe from the Coronavirus at school -- students and teachers. When people act unsafe, the teachers and parents get mad and kids can get in big trouble. Nobody wants to get sick with the Corona Virus. That is why the school rules say that we have to:

Wear a mask over our mouth and nose all day

Wash our hands & use hand sanitizer

Social distance

I can't wait until the Corona Virus goes away and everything goes back to normal. But until then, I will follow Corona Virus rules so that everyone stays safe.
