The Basement

RESPONSIBILITY AND INDEPENDENCE

The Basement is especially designed for students in middle school as they grow into responsible teens. At times, students will have the opportunity to be outside of the direct supervision of adults with clear expectations about appropriate boundaries and rules. This applies to certain times onsite, as well as some outings throughout the summer. Abuse of rules, check-in times and set parameters will result in the loss of privileges. Attention is given to the needs of young teens and pre-teens, and at times different ages may have different boundaries in terms of supervision. We encourage students to be independent, but provide support for safety and learning.

OUTINGS

Summer Basement will go on several small group walking trips around the community. Depending on the status of the pandemic, other outings can be added as things begin to clear up.

Outings are designed to encourage the students' interests and create new experiences in a fun, safe environment. Tuition includes the cost of most if not all outings.

WHAT

Our program offers extracurricular activities which are designed to promote social-emotional development, involve physical activity and achieve educational goals. The Basement gives students entering grades 6-9 opportunities to explore, build friendships and be themselves.
