Felsted Senior School Catering

How we are adapting our school meals
and services in response to Covid-19

New Foyer & Courtyard queue system

All pupils are required to follow social distancing & wear a mask while awaiting entry to the dining hall

Foyer Entrance

Courtyard Entrance

Felsted

Staggered meal times per year groups

All meals times have been reorganise so that that the pupils eat in their Year groups for breakfast, lunch & supper.

The dining hall has been divided in two so we can continue to feed all of our pupils in their respective year groups.

The pupils are given 30 minutes to enjoy their sit down meal in the dining hall.

Updated meal times per year groups

7.00 Year 13

(All seated in year group tables)

Food & Service

Following the government's COVID-19 guidance, certain menu items have been modified to be presented in the most food-safe way with the least amount of contact possible. Staffing ratio have been adjusted to ensure we can provide the service our pupils expect while keeping their health & safety in mind.

We currently offer a daily choice of main courses (Meat or Fish & Vegetarian), pasta bar, daily soup, freshly homemade breads, desserts & a selection of salads.

All special diets are catered for as requested by individuals.

Felsted

Enhanced cleaning

We have been closely monitoring information from the government and have created new cleaning schedules for our daily operations with a special attention to contact points, servery counters, kitchen and dining hall furnitures.

While our standards for all of this has always been high, we're taking extra precautions to keep people well and safe.
