District 197 Early Childhood Screening Questionnaire

Student's Name: _____

Birth Date: _____

Early Childhood Screening is an essential component of the “getting ready for kindergarten” process. Important aspects of screening are:

- Early Childhood Screening is required by Minnesota State law for entrance into public school kindergarten. There is no charge for this screening.
- Early Childhood Screening is a careful check of your child's growth and development.
- District 197 provides screening for district residents. Appointments are available on scheduled dates throughout the school year. One screening is all that is needed before your child starts school.

Check appropriate response:

- My child has already participated in Early Childhood Screening. That screening was done in District 197. Please provide the cover sheet you obtained from that screening if you have it.
- My child was screened in ANOTHER DISTRICT. Name of district or city: _____
I will contact that district to obtain a copy of the screening information to bring to my school.
- My child is receiving special education services in District 197. Screening information is available through that program.
- My child has NOT had Early Childhood Screening. I will call the screening office to make an appointment at 651-403-8363 or visit www.isd197.org/schools/preschool. (Note: There is no charge for this screening.)
- I will obtain the screening through my physician's office and will bring the signed summary to my school. If you select this option, please note all the mandated components that must be evaluated by your physician:
 - Vision and hearing
 - Speech and language development
 - Muscle coordination
 - General skills development
 - Growth screening
 - Immunization review
 - Review of special family circumstances
 - Summary of health and developmental findings

**Early Childhood Screening is required by Minnesota State law
for entrance into public school kindergarten.**

Minnesota Language Survey

Minnesota is home to speakers of more than 100 different languages. The ability to speak and understand multiple languages is valued. The information you provide will be used by the school district to see if your student is multilingual. In Minnesota, students who are multilingual may qualify for a Multilingual Seal upon further assessment. Additionally, the information you provide will determine if your student should take an English proficiency test. Based upon the results of the test, your student may be entitled to English language development instruction. **Access to instruction is required by federal and state law. As a parent or guardian, you have the right to decline English Learner instruction at any time.** Every enrolling student must be provided with the Minnesota Language Survey during enrollment. Information requested on this form is important to us to be able to serve your student. Your assistance in completing the Minnesota Language Survey is greatly appreciated.

2019-20 Ethnic and Racial Demographic Designation Form

Student's First Name: _____ Middle Name/Initial: _____ Last Name: _____

Date of Birth: _____ District: _____ School: _____

Schools are required to report ethnicity and race to the state and to the U.S. Department of Education. Because of recent changes to Minnesota state law, Minnesota disaggregates each category into detailed groups to further represent our student populations. Parents or guardians are not required to answer the federal questions (**in bold**) for their children. If you choose not to answer the federal questions (**in bold**), federal law requires schools to choose for you. This is a last resort—we prefer that parents or guardians complete the form. State questions are labeled as “Optional” and schools will not fill in this information for you. Refusal to respond to any questions will not impact enrollment in a school.

This information helps improve teaching and learning for everyone and helps us accurately identify and advocate for students currently underserved. The information this form collects is considered private information. You can review the privacy notice to learn more about the purpose of collecting this information, how it will be used and not used, and how the detailed groups were identified. The privacy notice can be found on MDE's Frequently Asked Questions, <https://education.mn.gov/MDE/fam/count>.
