# Benefits & Background

2021-2022

The Southeast Collaborative

**Our collective group is made up of seven associations, eight states, and well over 700 independent schools across the southeastern United States.**

The Southeast Collaborative represents the joining of organizations with similar missions. We seek to empower and advance our member schools in their work to effect strategic change; support students, faculty, and leadership; advance institutional and educational excellence; and provide high-quality, locally-relevant professional development.

A key piece of fulfilling our collective missions is ensuring that our schools have access to and can find premier educational tools, resources, platforms, strategies, and products. Our seven-association collaborative is pleased to present added membership value by connecting our schools to dynamic, best-in-class services at discounted prices that are an exclusive feature of membership in our associations. Now in our fifth year of partnering together to bring this value-add service to our member schools, we are excited to share these reduced-price offerings for the 2021-22 school year. Unless otherwise noted, these products can be ordered by visiting your State Association's website. *All orders are due by July 1, 2021.*

### NEW GROWTH PRESS | PRINT BOOKS

#### *Gospel-Centered Books and Resources for Libraries and Classrooms*

Since 2006 New Growth Press (NGP) has provided churches, families, and individuals with life-changing books, small group resources, and minibooks that are grounded in scriptural truth and the gospel of grace. NGP is passionate about teaching the good news of the kingdom to the next generation and has created an exclusive line of children and family products for schools, churches, and homes. Each curriculum, family devotional, and book has Jesus as it's foundation and focus. Children are drawn to the fun and colorful illustrations and appealing story lines that teach them the Bible and reach young hearts with the lasting truth of the gospel.

***Please see their catalog*** for discounted pricing, information on placing an order along with more detailed information about the books.

### NOODLE TOOLS

#### *School Subscription*

NoodleTools is an online research management platform that promotes critical thinking and authentic research. Students stay organized as they evaluate information, build accurate citations, archive source material, take notes, outline topics, and prepare to write. Three differentiated levels support individual students across grades and abilities. The classroom environment allows librarians and teachers to provide feedback, monitor individual contributions to group work, and view statistics about source use. In contrast to an auto-cite, auto-evaluate product, we support students to engage deeply in research and produce original work. NoodleTools is also designed with online student privacy in mind.

### OXFORD UNIVERSITY PRESS

#### *Educational Resources and Books*

The Oxford University Press is engaged in publishing and distributing print and digital books. It provides its customers with educational resources, teaching support, journals, reference books, dictionaries, and a variety of digital learning solutions designed to meet the learning needs of the contemporary learner.

OUP is offering our member schools between 10% to 20% discounts off subscriptions. For detailed product descriptions, [please click here](#).

### RAZ-PLUS

#### *Classroom Subscription*

Raz-Plus, an online program that includes 50,000+ reading resources, 4000+ leveled books with Lexiles, the ability to assign digital resources to students, and a feature that allows students to record themselves so that teachers can hear them reading are just a few of the key features that have impressed so many teachers. Raz-Plus is based on the Orton-Gillingham approach to phonics instruction. RAZ-Plus is perfect for your earliest readers through fifth grade.

### SEESAW

#### *Student Subscription*

Seesaw is a platform for student engagement. Teachers can empower students to create, reflect, share, and collaborate. Students “show what they know” using photos, videos, drawings, text, PDFs, and links. It’s simple to get student work in one place and share with families, and nothing is shared without teacher approval. Seesaw is a simple way for teachers and students to record and share what’s happening in the classroom. Seesaw gives students a place to document their learning, be creative and learn how to use technology. Each student gets their own journal and will add things to it, like photos, videos, drawings, or notes.

With Seesaw for Schools, portfolios follow students for their entire career at your school. Students can demonstrate progress over time and build a complete record of learning.

### TYPING AGENT

#### *Student Subscription*

Typing Agent is an innovative keyboarding program for school districts, especially those with iPad initiatives, offering multi-player games, 10-key keyboarding, multiple goal-based learning, 4 age-appropriate learning worlds including a K-2 environment, course mapping and more. Includes typeSMART™, a first ever in keyboarding, helping with student keyboarding outcomes, assigning Q-Scores, curriculum mapping and much more. (When ordering, please add 5 extra seats to account for additional enrollments.)
