CRITERIA AND STANDARDS FOR REVIEWING SCHOOL DISTRICT INTERIM REPORTS

The **Second Interim Report** provides an opportunity for the second review of the District's budget for 2020-21. Financial projections have been updated to reflect new information received and board action taken since the approval of the first interim report. In addition, projections are provided of revenue and expenditures for the remainder of the year and for two additional fiscal years.

The following narrative is presented in the same sequence as the accompanying <u>2020-21 Second</u> Interim General Fund Summary – Unrestricted/Restricted Revenues, Expenditures, and Changes in Fund Balance. Individual summaries of unrestricted and restricted General Fund Revenue and Expenditures are also included.

A. REVENUE

- Property Tax/LCFF Projected LCFF sources increased by \$80,182 to reflect an adjustment to property taxes. Secured property tax revenue is projected to increase by 4.5% in 2020-21 based on the Orange County Auditor Controller's estimates. Each 1% increase or decrease in property tax revenue generates approximately \$540,000 for Laguna Beach schools. The District continues to monitor the property tax projections and any impact it may have on the operational budget.
- 2) <u>Federal Revenue</u> When compared to the first interim budget, federal revenues are up \$12,693. Increases in allocation for Title I Basic Grants Low-Income and Neglected, Title II Supporting Effective Instruction Local Grants and Title IV Student Support and Academic Achievement Grants were received.

The latest round of federal stimulus that was signed into law on December 27, 2020 provides additional funding for schools nationwide. The federal stimulus includes the Elementary and Secondary School Emergency Relief (ESSER) Fund, which was established with the Coronavirus Aid, Relief and Economic Security (CARES) Act.

Although official numbers for the latest round of ESSER funding have not been released, the estimated amount for Laguna Beach schools is between \$600k and \$800k. For this reason, ESSER funds are not included in the 2020/21 budget but instead, are factored into the multi-year projections.

- 3) <u>Other State Revenue</u> Downward adjustments in state revenue, netting to \$93,169 were attributed primarily to a shift in multi-year funding for the K-12 Strong Workforce Program. The revised budget defers revenue from one year to the next to allow for ongoing and consistent funding for the various workforce development initiatives. These initiatives which follow a competitive grant process, consist of advancing career counseling, building CTE dual enrollment, enhancing career education pedagogies and heightening work-based learning.
- 4) <u>Other Local Revenues</u> Other local revenues are derived from a variety of sources including bus passes, donations, interest earnings, insurance recoveries, sale of surplus equipment and other miscellaneous revenues. This category increased by \$225,064 of which, nearly one third was attributed to excess employer contributions to the CalSTRS Defined Benefit Supplement Program.

The District is also a member of the California Schools Employee Benefits Association (CSEBA) JPA that provides dental and vision insurance for employees. Recently, the

CSEBA Board voted on a dividend distribution on the dental plan. As a member district, LBUSD is eligible for a \$19,714 dental dividend paid yearly over the next three years.

Other local revenues included kind donations from SchoolPower for the high school's athletics program and also teacher grants designated to address the impact of the pandemic on student learning.

B. EXPENDITURES

1) <u>Certificated Salaries</u> – Expenditures for certificated staff are projected at \$26,140,314 which is an increase of \$163,131 compared to the First Interim. This change is primarily due to salary cost adjustments for 6th period assignments and other stipends.

Additionally, the budget is adjusted to include the new substitute rate of pay for certificated staff. Due to the pandemic, certificated assignments have become difficult to fill, which is impacting all local school districts. The temporary increase in the certificated sub rate allows the District to offer a competitive hourly rate that allows for a strategy to increase the likelihood of filling vacancies and be better prepared for potential absences.

- 2) <u>Classified Salaries</u> Expenditures for classified staff are projected at \$9,379,605 which is a decrease of \$72,419 compared to the First Interim. This change reflects actual staffing levels in classified support and substitute positions. Classified salaries are generally estimated using the prior year level as the base and adjusted for known changes. Sports, band, performing arts and anything extracurricular has been impacted by the pandemic. The budget has been adjusted to reflect lower activity in these programs.
- 3) <u>Employee Benefits</u> The benefit category increased by \$14,250. The budget was adjusted to reflect the salary adjustments as noted above.
- 4) <u>Books and Supplies</u> The supply category changed from \$3,767,282 at First Interim to \$3,795,125 at Second Interim, an increase of \$27,843. This increase was primarily due to the purchase of supplies and materials with CARES Act funds to assist with distance learning and safety due to the current circumstances.
- 5) <u>Services and Other Operating Expenditures</u> In addition to focusing on capital projects, the Facilities, Grounds, and Construction Department has dedicated its efforts in various repairs and routine maintenance projects across the district. An increase of \$209,232 in services and other operating expenditures can be attributed primarily to routine maintenance and repair of HVAC systems and building painting at District properties.
- 6) <u>Capital Outlay</u> A decrease of \$142,267 in Capital Outlay is due to the shifting of various facility projects and also savings realized from effective procurement methods.
- 7) <u>Other Outgo</u> No changes at Second Interim.
- 8) <u>Transfer of Indirect/Direct Support Costs</u> No changes at Second Interim.

D. OTHER FINANCING SOURCES AND USES

- 1) <u>Interfund Transfers</u>
 - a) Transfers In No changes at Second Interim.
 - b) Transfers Out No changes at Second Interim.

F. FUND BALANCE

Fund balance meets requirements, as it is not less than the sum of its components.

SUMMARY

CASH FLOW ANALYSIS

Requirements are met as an analysis indicates that there will not be a negative cash balance at or before the end of the fiscal year.

MULTI-YEAR COMMITMENTS

There have been no multi-year commitments in the General Fund since budget adoption.

CONCLUSION

At this time in the fiscal year, the District is in a satisfactory financial condition. It is recommended that, based upon the **Second Interim Report**, the Governing Board approve the following:

- 1. A "**Positive Certification**" that this District will be able to meet its financial obligations at year-end and two subsequent fiscal years.
- 2. Revisions to the Operating Budget as outlined in this report.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

S9. Status of Other Funds

Analyze the status of other funds that may have negative fund balances at the end of the current fiscal year. If any other fund has a projected negative fund balance, prepare an interim report and multiyear projection for that fund. Explain plans for how and when the negative fund balance will be addressed.

S9A. Identification of Other Funds with Negative Ending Fund Balances

DATA ENTRY: Click the appropriate button in Item 1. If Yes, enter data in Item 2 and provide the reports referenced in Item 1.

1. Are any funds other than the general fund projected to have a negative fund balance at the end of the current fiscal year?

No	

If Yes, prepare and submit to the reviewing agency a report of revenues, expenditures, and changes in fund balance (e.g., an interim fund report) and a multiyear projection report for each fund.

2. If Yes, identify each fund, by name and number, that is projected to have a negative ending fund balance for the current fiscal year. Provide reasons for the negative balance(s) and explain the plan for how and when the problem(s) will be corrected.

ADDITIONAL FISCAL INDICATORS

The following fiscal indicators are designed to provide additional data for reviewing agencies. A "Yes" answer to any single indicator does not necessarily suggest a cause for concern, but may alert the reviewing agency to the need for additional review.

DATA ENTRY: Click the appropriate Yes or No button for items A2 through A9; Item A1 is automatically completed based on data from Criterion 9.

A1.	Do cash flow projections show that the district will end the current fiscal year with a negative cash balance in the general fund? (Data from Criterion 9B-1, Cash Balance, are used to determine Yes or No)	No
A2.	Is the system of personnel position control independent from the payroll system?	Yes
A3.	Is enrollment decreasing in both the prior and current fiscal years?	Yes
A4.	Are new charter schools operating in district boundaries that impact the district's enrollment, either in the prior or current fiscal year?	No
A5.	Has the district entered into a bargaining agreement where any of the current or subsequent fiscal years of the agreement would result in salary increases that are expected to exceed the projected state funded cost-of-living adjustment?	No
A6.	Does the district provide uncapped (100% employer paid) health benefits for current or retired employees?	No
A7.	Is the district's financial system independent of the county office system?	No
A8.	Does the district have any reports that indicate fiscal distress pursuant to Education Code Section 42127.6(a)? (If Yes, provide copies to the county office of education.)	No
A9.	Have there been personnel changes in the superintendent or chief business official positions within the last 12 months?	No

When providing comments for additional fiscal indicators, please include the item number applicable to each comment.

Comments: (optional) A3. The District is Community-Funded, therefore declining enrollment is not a loss in LCFF revenue.

- **FUND 13** The Cafeteria Fund (Nutrition Services) is used to account separately for federal, state, and local resources to operate the food service program (Education Code sections 38090-38093). The purpose of the food service program is to provide nutritious meals to the students. The District participates in the National School Lunch Program and the School Breakfast Program. The District serves approximately 500-550 lunches and 200-230 breakfasts to the students from kindergarten through twelfth grade on a daily basis.
- **FUND 17** The <u>Special Reserve</u> Fund for Other Than Capital Outlay Projects is used primarily to provide for the accumulation of moneys for general operating purposes other than for capital outlay (Education Code Section 42840). On May 11, 2004 the Board of Education approved the target of reserving two-thirds of the Community Funded differential (the difference between Revenue Limit funding and Community Funded funding) to be achieved by June 30, 2009. Funds reserved for the Community Funded differential are deposited into this fund.
- **FUND 25** The Capital Facilities Fund (Developer Fees) exists to account for monies received as mitigation fees levied on developers, property owners or other agencies as a condition of approving new development or additions to existing real property. The authority for these levies may be local government ordinances (GC 65970-65981) or private agreements between a school district and the developer. Expenditures from this fund are to be used for the purpose of funding the construction or reconstruction of school facilities (Education Code sections 17620-17626).
- **FUND 40** The Special Reserve Fund for Capital Outlay Projects exists to account for the accumulation of moneys for capital outlay purposes (Education Code Section 42840). This fund is separated into three sub-funds in accordance to with resolutions #01-02, #14-02 and #14-03.

Sub-fund 4040 exists to account for the Facility Repair and Replacement Program (FRRP).

Sub-fund 4041 exists to account for the **Vista Aliso property reserve**. The District holds a re-purchase agreement on the property.

Sub-fund 4042 exists to account for the **Capital Improvement Plan (CIP)** that goes above and beyond prior commitments for repair and replacement needs, but extends to improvements of facilities for program and enrollment growth. A ten-year plan will be developed and revised, at least annually, to prioritize major projects.
