

BRENTWOOD SCHOOL DISTRICT

BECC & MCGRATH

NEW BUILDING COMING SPRING 2023

WHAT IS PROP E?

In June 2020, the community passed Prop E, a \$29 million bond issue to rebuild McGrath with space for Early Childhood and renovate Mark Twain.

The new elementary and early childhood spaces will have updated infrastructure, STEM and flexible learning spaces, safe and secure entrances, and more!

STRONG SCHOOLS. STRONG COMMUNITY

The District is committed to working with the community throughout the design and construction process. In July 2020, the district established an Elementary Facilities Design Committee to provide feedback and guidance on the overall design of Prop E construction.

Throughout the 2020-2021 school year, this committee met with staff and other stakeholders to discuss the process. In Winter and Spring of 2021, the District and its architect met with stakeholder groups throughout the community to gather input.

Meeting recordings, presentations, and upcoming events are all available on the District's website at www.brentwoodmoschools.org/facilities. There, you can also check out an FAQ or submit your own question about the project.
