Our current thinking for the 2021-22 School Year

- Our plan is to focus on a return to in-person learning for August 2020, barring a major change in the trajectory of the pandemic
- We understand that some families may still have concerns about sending their children back to school depending on the situation in the Fall
- How will distancing, masking and other safety requirements change, if at all, in the Fall?

Next Meeting: May 13

- We will split into three groups by constituent group (parents/students/staff) to gather input on the 2020-21 school year
- Zoom invites and questions to consider will be sent the week prior

Small Group Discussion

We will be using the same small groups as in our previous meetings.

Each group will have a facilitator, who will ask for a volunteer to take notes.

Guiding questions will be placed in the chat.
