June 4, 2018 Honorable Chris A. Hilbert City of Richmond 900 East Broad Street, Suite 201 Richmond, Virginia 23219

#### Dear President Hilbert:

Before I discuss the details of the budget, I have to share the School Board's excitement about our new superintendent, Jason Kamras. Mr. Kamras officially started February 1<sup>st</sup> and has already had such a positive impact for our students and our school division. The other School Board members and I have confidence in his ability to lead this school division to the success that our students and their families deserve.

The School Board adopted budget for FY19 is reflected below:

General Fund Budget \$300,960,527 Special Revenue Fund Budget \$89,244,185 Capital Improvement Fund Budget \$151,562,000

Highlights of this budget include funding for the following items:

- Teacher and support staff 2% salary adjustment (COLA)
- Additional bi-lingual teachers-5, counselors-3 and support staff-9
- Additional internal auditor, as a School Board priority
- New pilot programs for:
  - Trauma-Informed Care helping students develop the skills to cope with trauma so they are able to succeed in school;
  - Living Room Chat building relationships between teachers, students and families; and
  - Restorative Justice focusing on long-term changes in behavior to keep students in school
- Dedicated nursing services for students with disabilities (contract)
- A 7% increase in instructional supplies for teachers
- A 100% increase in athletic trainers and equipment
- Transfers to support educational programs, i.e., PHSSA, Code RVA, the governor's schools

While these are only some of the highlights of our FY19 financial plan, the School Board is ready to work with you and City Council to identify additional investments in RPS that are focused, strategic, and outcome driven. We are continuing our work on finding ways to operate more efficiently such that any savings can be reinvested into the classroom.

Sincerely,

Dawn C. Page Dawn C. Page

#### **School Highlights:**

Richmond Public Schools has five regional preschool learning centers. These regional preschool learning centers provide the district's youngest learners with centrally-based, premier educational experiences. The regional preschool learning centers are Mary Scott (Ginter Park), Maymont, Blackwell (Annex), Summer Hill and Martin Luther King Jr.

The new Huguenot High School opened in January of 2015.

In August 2010 Richmond Public Schools opened its first charter school, Patrick Henry School for Science and Arts (PHSSA). The school offers kindergarten through fifth grade based on parent, educator and community involvement. The school provides the children of Richmond's diverse community with an academically rigorous science- and arts-based curriculum that emphasizes environmental awareness and social responsibility.

#### **Facility Maximization:**

Richmond Public Schools has moved toward maximizing building capacity and a more cost effective use of its facilities with the closing of twelve school buildings and one annex building over the past ten years.

#### Fiduciary Responsibility (Fiscal Agent) - Regional Schools and Programs

The School Board has a fiduciary responsibility in its capacity as fiscal agent for the Maggie L. Walker Governor's School for Government and International Studies (the Governor's School). The Governor's School operates as an educational consortium and provides specialized and gifted education for students of participating cities and counties from throughout central and southern Virginia. It is governed by a separate board that includes one member from each of the participating localities.

The School Board also has a fiduciary responsibility in its capacity as fiscal agent for the Math Science Innovation Center (MSiC). The Center operates as an educational consortium, provides specialized educational opportunities to students of area jurisdictions, and is governed by a separate board that includes two officials from each of the jurisdictions.

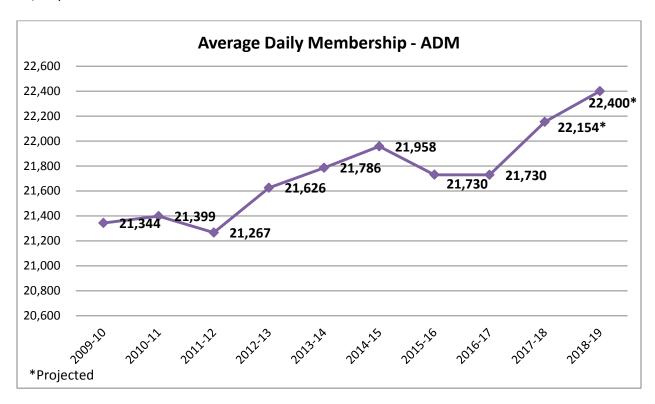

Additionally, RPS serves as fiscal agent for the following schools and programs:

Richmond Detention Center
Virginia Treatment Center for Children
Hospital Education Program
Richmond City Jail Program

#### **Richmond Schools Demographics**

#### **Average Daily Membership**

March 31 Average Daily Membership, or ADM, is the student enrollment count that drives most state funding for public education. ADM is the total days in membership for all students, grades K through 12, over the school year divided by the number of days school was in session. School divisions receive state funding based on their students' ADM as of March 31<sup>st</sup> of the fiscal year. The budget is based on a projected FY2019 March 31 student ADM of 22,400 (an increase of 246 students from FY2018 ADM of 22,154).

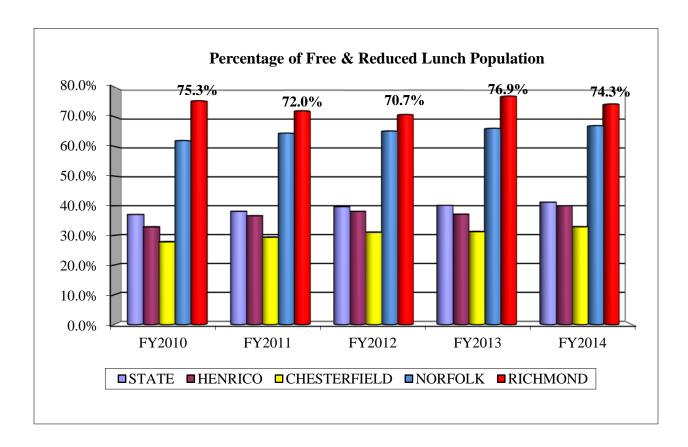

An additional measure of student population is fall membership. Fall membership reflects the number of students enrolled in Richmond Public Schools on September 30th. Data are collected by school and reported by grade assignment and ethnicity. Excluded from the September 30 count are special education preschool pupils, pupils in hospitals, clinics or detention homes, and local programs such as vocational and alternative education centers (i.e., centers or schools which receive, but do not officially enroll students). September 2019 membership is projected to be 25,000 with approximately 1,600 Pre-K students and 1,300 Virtual students.

#### Free and Reduced Lunch Population

Free and reduced lunch population is a measure of poverty. As reflected in the Department of Education's October 31, 2013 report, RPS ranked as the 9<sup>th</sup> highest free and reduced lunch population in the Commonwealth with 17,351 or over 74.25% of our students receiving subsidized meals under the Federal school lunch program. The graph shown below depicts Richmond's status as compared to neighboring districts and the state average.

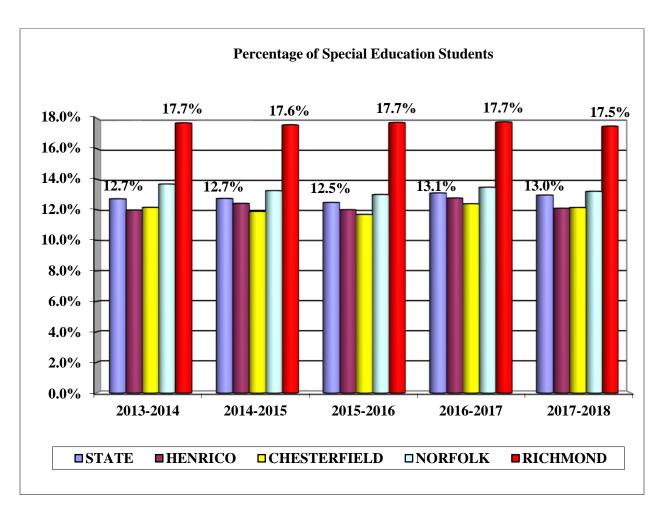

Source: Virginia Department of Education

School Nutrition Program Statistics FY2010 - FY2014

RPS applied and received approval to operate a Community Eligibility Provision (CEP) program effective July 1, 2014 whereby all students can eat breakfast and lunch for free. This works well in districts with significant poverty. Federal programs continue to use the prior year free and reduced applications for a two-year transition period. RPS no longer captures free or reduced eligibility information from students. The most recently captured data is presented above.

#### **Special Education Students**

Another factor for consideration in educating the students residing in the City of Richmond is that approximately 4,100 or 17.5% of our students qualify for special education services. The graph shown below represents the percentage of special education students benched against state-wide averages and surrounding districts; RPS = 17.5%, state average = 13.0%.

Fund Structure/Relationship

**Richmond Public Schools General Operating Fund** 

**Special Revenue Fund** 

**Capital Projects Fund** 

Richmond Public Schools has three basic fund groups; General Operating Fund, Special Revenue Fund and Capital Projects Fund.

#### **General Operating Fund**

The main fund is the General Operating Fund which encompasses over 77% of the district's financial resources. Expenditures in the general operating fund include salaries and wages, materials and supplies, utility costs, janitorial supplies, contracted services, and capital outlay expenditures. The majority of the revenue supporting the general operating budget comes from two sources – the City of Richmond and the Virginia Department of Education, 52.1% and 43.3%, respectively. The FY19 general fund budget has 4.1% of its resources derived from one-time only funds, prior year fund balance. The remaining 0.5% is generated through tuition, other fees, Impact Aid, and the Army reserve.

#### **Special Revenue Fund**

The Special Revenue Fund is used to account for the proceeds of special revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditure for specified purposes. Richmond Public Schools receives program revenue from local, state, and federal entities with the single largest award being Title I followed by Head Start and Title VI-IDEA.

School Nutrition Services provides breakfast, lunch and snacks on a daily basis to all students within the division. Over 93% of the revenues supporting this program are derived from federal sources, including federal reimbursements for National School Lunch breakfast and lunch programs. The remaining revenues supporting Nutrition Services are garnered from state sources and through sales to adults and catering services. Effective July 1, 2014, all students are entitled to eat free breakfast and lunch under the Community Eligibility Program (CEP).

#### **Capital Projects Fund**

The Capital Projects Fund supports infrastructure maintenance, such as roofs, boilers, and electrical upgrades, and Americans with Disabilities Act (ADA) remediation projects. Capital projects are funded through appropriation ordinance by the City of Richmond. In conjunction with the City, the district develops a five-year capital plan to address the most critical needs facing our facilities. The plan is reviewed and updated annually taking into consideration any mechanical or system failures that seem imminent. Along with on-going infrastructure maintenance, the district completed projects which have made all City schools ADA accessible.

#### **Budget Process**

The School Board's mission, vision, and goals statements provide the foundation for the recommendations contained within this Annual Financial Plan. Staff members at all management levels participate in the development of the budget. The budget is developed from guidance on priorities and strategic directions of the School Board. The budget is an evolving document that is revised and updated during each budget phase. The School Board holds numerous work sessions and at least one public hearing throughout the budget process. Richmond Public Schools has three budget phases in the development process:

Phase I – Superintendent's Estimate of Needs is the beginning phase of budget development used to gather input from parents, business leaders, and other community stakeholders. This phase represents the superintendent's presentation of the needs of the school division for the upcoming school year to the School Board in December or January (*Code of Virginia* § 22.1-92).

Phase II – School Board's Approved Budget is the School Board's recommended spending plan submitted to the Mayor, the City Administration, and the City Council. This phase consists of numerous work sessions and at least one public hearing to ensure input from all interested stakeholders. The budget is approved in January/February so it can be incorporated into the Mayor's financial plan for submission to City Council in March.

Phase III – School Board's Adopted Budget represents the School Board's adopted budget based on state funding levels and the appropriation ordinance adopted by City Council. The Mayor's recommendation is forwarded to the Richmond City Council, which must adopt the schools' appropriation by legal ordinance on or before May 15<sup>th</sup> of each year. Subsequent to the City Council's action, the School Board makes any required adjustments to balance the budget which is adopted in June.

#### Fiscally Dependent School Division

Richmond Public Schools is a fiscally dependent school division pursuant to State law. As a fiscally dependent school division, Richmond Public Schools does not levy taxes or issue debt. The School Board derives its authority as a political subdivision of the State and has the constitutional responsibility to provide public education to the residents of Richmond.

#### **Budget Highlights**

#### Revenue Summary

Richmond Public Schools is committed to providing high quality educational opportunities to all of our students. The School Board, Superintendent and Administration, and Instructional and Support Staff strive to make every day for our students a positive and fun learning experience. This budget was approved before final actions of the General Assembly, the Mayor and City Council, and as such, will require adjustments as we work towards an Adopted Budget. The highlighted revenues and expenditures included are a reflection of the budget at this time.

#### Local & State Revenue

As all school divisions in the Commonwealth, RPS receives substantially all operating revenues from state and local funds. For FY19, the School Board General Fund Budget anticipates \$130.5 million or 43% of funding from the state (including sales tax), an increase of \$45,700 over the current year. Also, the budget includes \$156.7 million of funding from the City or 52% and \$12.5 million in one-time funding. This represents an overall increase of \$8.7 million over FY18.

#### **Budget Highlights**

#### **Expenditure Summary**

Each school year holds the promise of greater opportunity and success for our students as we continue the important work of creating a climate of high expectations and achievement within our schools. We are honored to serve the youth and families of the City of Richmond and remain committed to providing our students the best possible educational experience.

Educating our students is a partnership. It is a collaborative effort of our parents, teachers and staff as well as our community and business partners. Within our classrooms future leaders are being developed to compete in a dynamic, global environment. We must continue to provide opportunities for our students to develop 21st century skills and support the development of their critical-thinking. Our work continues to be focused on creating problem-solvers, not test takers. While the individual progress of our students may be mired by personal or societal challenges, our focus remains on meeting them where they are and working to catapult them into futures filled with promise and boundless opportunity. We are grateful for the continued support of every stakeholder in helping to create a stronger, better school system. Every Richmond City resident has a stake in the success of our school district. Investment in our schools is greatly valued and, most assuredly, will return the highest dividend for our community.

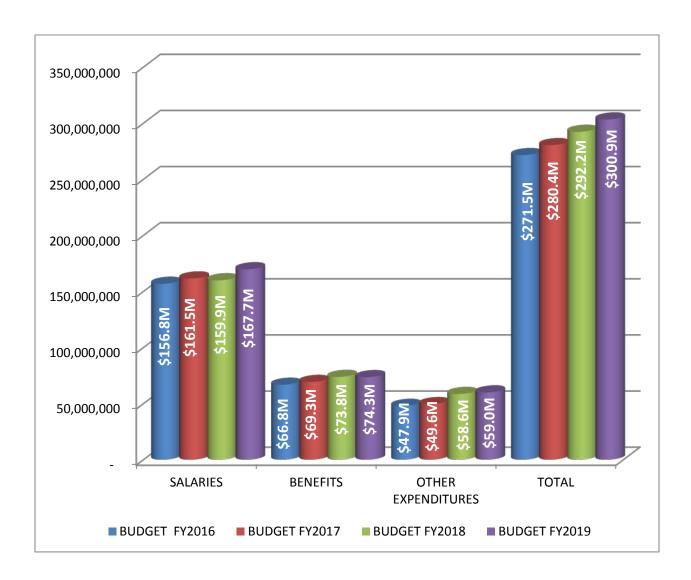

The FY19 financial plan includes a budget increase of \$8.7M, or 3%. The financial plan commits resources to cover a 2% salary and 6% health insurance increase; the addition of 17 bilingual fte's and one internal auditor; a 10% salary increase for bus drivers and monitors; new initiatives addressing engagement, equity and excellence – "Trauma-Informed Care" and "Restorative Justice" practices and the "Living Room Chat" program; instructional materials increase for schools; funding for athletic trainers and athletic equipment; and dedicated nurses for students with disabilities.

The next pages provide a reconciliation of expenditure changes from the FY18 budget to the FY19 budget for the General Fund.

Elementary education is crucial because it is where we build for every child a strong foundation for further education. Every child must learn how to read with comprehension, write coherently and expressively, compute and solve problems, respect cultural diversity, and basically learn how to learn! The staff needed to drive and facilitate this effort includes teachers, instructional aides, guidance counselors, principals, media specialists, arts and humanities teachers, and many others seeking to boost student performance through a wide array of innovative and focused instructional programs.

Five regional preschool centers are managed by the Chief Academic Officer – Academic Services (Area 4).

#### **SECONDARY EDUCATION**

Secondary Education responsibilities include seven middle schools, five comprehensive high schools, three specialty high schools (including a middle school component), two vocational schools, two alternative schools, two regional Governor's schools, and one regional program. This area provides direction in the implementation of a cohesive secondary education program.

The middle school program responds to the unique needs and characteristics of pre- and early adolescent students. The program model is comprised of a curriculum that consists of factual information, skills development, and activities designed to help students understand and cope with the phases of development they are experiencing at the time. In addition, the middle school embraces an instructional delivery system that emphasizes interdisciplinary team teaching, mini school academies within each school, and flexible scheduling. Students in grades 6, 7 & 8 are currently being educated in one of seven middle schools located throughout the City of Richmond. Of the seven middle schools, three are located south of the James River and four are located north of the James.

The middle school is often referred to as "The Crucial Link," as it must bridge the gap between the elementary years and, at the same time, prepare students for further education. Special emphasis is needed on mastering the basics, with academic intervention where needed, advanced course work for gifted students, socialization, and appropriate preparation for high school. In addition, effective staff and administrators drive the curriculum. Significant emphasis will continue to be placed on the integration of technology in teaching and learning. Other programs being implemented are Violence Prevention, School-To-Work, Peer Mediation & Conflict Resolution, increasing Honors programs for gifted education, Extended Day, Business Partnerships, Mentoring and Tutoring. In addition, the International Baccalaureate Middle Years Programme at Brown Middle School provides an academically-challenging course of study for qualified students, city wide.

The curriculum is comprised of two phases of organized knowledge:

Core: Language Arts, Mathematics, Science & History/Social Science

Expanded Core: Art, Music, World Languages, Health & Physical Education, Home and Family Living, Computer-Based Education, Vocational Education (Business/Marketing, Teen Living and Technology Education).

The high school program, often referred to as the "Gateway to the Future", too often is the last opportunity for many students to participate in a formal educational setting. Therefore, it is incumbent upon us to provide students with the training, knowledge and skills to move into the future. In addition to attending one of the five comprehensive or three specialty high schools, rising eighth grade students can apply to either the Maggie Walker Governor's School or the Appomattox Regional Governor's School. Richmond Public Schools also offers adult, vocational and alternative education programs at Richmond Alternative School (formerly Adult Career Development Center (ACDC)) and Richmond Technical Center North & South. Interested students may participate, with other students from the Richmond Region, in Saturday and summer programs at the Math Science Innovation Center.

The high school program promotes excellence by providing a comprehensive, attractive and challenging instructional program, which stresses the utilization of information and the development of competencies and skills. Upon completion, students are prepared to enter the work force and become productive citizens, and/or continue their education. The high schools also embrace an instructional delivery system that emphasizes interdisciplinary team teaching, cooperative learning, flexible block scheduling/seven period/eight period day, occupational preparation, work-study and vocational and technical training.

The curriculum is comprised of two phases of organized knowledge:

Core: Communicative Arts, Mathematics, Science & History/Social Science

Electives: Technology, World Languages, Fine Arts, Vocational Programs, and Physical Education

The current emphasis is reaching academic achievement in all areas, placing and integrating appropriate technology in the high schools and into the curriculum. In addition, the high schools continue to emphasize Peer Mediation, Violence Prevention, and Conflict Resolution. Other programs being provided are Business Partnerships, Mentoring, Tutoring, and Extended-Day opportunities. To continue to provide the needed and appropriate experiences for high school-age students, a well-prepared and sensitive staff and administrators are needed. Additionally, the International Baccalaureate Middle Years Programme and Diploma Programme are offered for ninth and tenth graders and eleventh and twelfth graders, respectively, at Thomas Jefferson High School. These programs serve students, city-wide, who meet the entrance requirements.

It is the mission of the Richmond Technical Center (RTC) to prepare students for marketable skills for employment and career development through effective programs; to initiate liaison activities with business and industry, federal and state governments and to develop resources for the school division.

#### **Richmond Alternative School**

Richmond Alternative School is a secondary school for select students in grades 6-12. Students enrolled have experienced ongoing or significant behavioral challenges in comprehensive settings and require intense social skill development via individual behavioral support plans. The goal of Richmond Alternative is to enhance students' pro-social skills and increase their academic achievement so that they can successfully return students to their comprehensive schools.

Richmond Alternative also serves as / will serve as the school of record for students enrolled in Aspire Academy and the new middle school over-age program.

#### **SECONDARY EDUCATION**

#### **Aspire Academy**

Aspire Academy is alternative program, which opened in September 2015, provides select over-age, under-credited high school students the opportunity to obtain a high school diploma via a modified school schedule and blended learning model. Aspire Academy is currently housed in the Richmond Technical Center (RTC).

are provided in the following areas: disability specific programming, inclusion, transition, psychological and social work services, assistive technology, and related services.

#### **Psychological Services**

School psychologists provide a range of services to assist children and adolescents in their learning, growth and development by providing supportive services to help students meet academic and emotional challenges. Psychological Services consist of direct and indirect interventions that require involvement with the entire educational system, including students, teachers, counselors, administrators, other school personnel, families, community agencies, and a variety of others that may be important on an individual basis. School psychologists tailor their services to the particular needs of each child/adolescent and each situation. Some of the core services of a school psychologist include: consultation, assessment, intervention, counseling, education and prevention.

School psychologists are unique in the educational setting because their training equips them to provide psychological evaluation and facilitate mental health service delivery in the schools, while at the same time supporting the learning process, child development and the understanding of educational systems. School psychologists serve as a vital part of the Exceptional Education and Student Services team and work closely in conjunction with school counselors, teachers, and administrators in the delivery of services to address the educational, emotional, and social and career needs of students and families.

The primary intent of the provision of psychological services is to promote mental and physical wellness and facilitate learning of students. School psychologists are in a strong position to help support the attainment of the goals outlined in the Strategic Plan. The overall goal of the psychological services program is to increase student capacity to overcome academic, personal, and social problems that could hinder their attainment of educational success and a satisfying and productive life.

#### CHIEF ENGAGEMENT OFFICER

#### Office of Engagement

The Office of Engagement (OOE) is dedicated to creating and supporting partnerships among schools, families, and communities. The Office promotes welcoming environments in RPS, builds capacity for authentic engagement and supports effective partnerships among students, families, schools and the community to ensure student readiness and achievement from birth to graduation.

The office partners with families, students, staff and the community to deliver programs and initiatives designed to build and support capacity for authentic engagement. Further, the OOE develops, promotes and assists in the coordination of collaborative efforts between schools and the business, faith, civic and nonprofit communities.

The Office is comprised of several departments including McKinney-Vento Regional Homeless Education, Language Support, the Welcome Center, Parent Liaisons and Business/Nonprofit/Faith/Volunteer partnerships. The OOE is designed to support schools and encourage family and community involvement through training, outreach, community collaboration, education and awareness to improve student achievement.

Research indicates that student academic performance is significantly enhanced by strengthening the connectedness between families, communities and schools. To that end, OOE has developed significant partnerships with the major family-serving agencies in the City of Richmond including the Department of Social Services, Richmond Re-development & Housing Authority, Richmond Police Department, Richmond Behavioral Health Authority and a host of other services as staff work collaboratively to comprehensively address the needs and enhance success of families. Additionally, the Welcome Center, housed in a city facility, provides services to foster ease of access and connectedness between city agencies to support non-English speaking families to include registration, parent education and advocacy.

The Office of Engagement supports families by engaging, assessing and connecting families to school and community-based services with a goal of increasing engagement in schools and overall academic success. Staff works with families in a variety of locations including schools, homes, hotels and shelters as needed where they conduct informational parent workshops to support learning and strengthen capacity.

#### **SUPERINTENDENT**

The Superintendent of Richmond City Public Schools is the chief executive officer of the school district and responsible for all instructional programs and administrative activities in the system. The Code of Virginia, Title 22.1-58 requires each school division to have a Superintendent.

The Superintendent of Richmond City Public Schools:

- Leads the transformation of the Richmond Public Schools organization to ensure support for high student achievement and meaningful collaboration with the community.
- Administers all Board policies through use of appropriate regulations, procedures, rules, laws, and practices.
- Provides the Board with timely and accurate information regarding instructional programs, finances, and management initiatives.
- Provides the learning community with meaningful information concerning school system developments as they relate to student achievement, behavior, attendance, or other issues.
- Communicates with key legislative officials, selected city and county elected officials, selected city and county administrative officials, business and community leaders, and others to secure additional support for various RPS priorities and activities.
- Provides leadership to the school system by organizing, controlling, directing, and evaluating the quality and effectiveness of each functional operation of the system.

Several benefits are derived from the activities of this office, although the most important one involves public accountability for developing and administering an effective school system for children of the community. The School Board mission, vision and goals are translated into objectives by schools and accountability center offices. Each objective is reached through a variety of strategies including curriculum innovations, staff development, program planning, student assessment, parent engagement, and partnership initiatives. Through these strategies, student outcomes are targeted, measured, and evaluated to ensure progress is being achieved. The outcomes involve issues such as academic performance, technical skills, career readiness, enriched social and athletic skills, and good citizenship.

The City continues to emphasize the importance of addressing its infrastructure needs while also investing in economic development projects and improvements that will make a return on investment to the City's coffers. The City uses the Capital Improvement Program (CIP) to strategically invest in and develop capital projects. A project that is included in the City's capital budget is broadly defined as requiring the expenditure of public funds, for the purchase, construction, enhancement or replacement of physical infrastructure/assets.

To be included in the CIP, the project should cost more than \$25,000 and must have an expected useful life greater than the life-span of any debt used to fund the project. Projects include construction and major renovations of buildings; economic development activities; acquisition of property; repairs and improvements to roadways, bikeways, and sidewalks; and the efficient operation of the water, sewage and gas systems. Other costs associated with the capital budget include, but are not limited to, architectural and engineering fees and site development.

Capital Projects Fund, from the school division's perspective, supports infrastructure maintenance, such as roofs, boilers, and electrical upgrades. Capital projects are funded through appropriation ordinance by the City of Richmond. In conjunction with the City, the district develops a five-year capital plan to address the most critical needs facing our facilities. The plan is reviewed and updated annually taking into consideration any mechanical or system failures that seem imminent.

#### SCHOOL MAINTENANCE

The Capital Improvement Plan, for years 2019 through 2023, is used to identify, plan and fund the major building systems, infrastructure and site feature replacements to ensure a safe, reliable and sound instructional environment for the students, faculty and administration of Richmond Public Schools.

The basis of this plan is determined by the life expectancy of major building systems (i.e. HVAC, Plumbing, etc.) as determined by the American Society of Heating, Refrigeration and Air-conditioning Engineers (ASHRAE) and recent surveys of problematic systems and or components where recurring maintenance and/or repairs are no longer economically feasible. As a large majority of the base building systems and infrastructure have past or are fast approaching the end of their useful life, this plan attempts to address the problematic systems and/or site features that could have detrimental effects on the life safety, continuous operation and instructional environment of the School Division. For systems not identified that have exceeded their useful life, preventive and predictive maintenance measures/practices (i.e. PM services, rebuilds, infra-red surveys, etc.) will be increased through our general maintenance budget to extend their useful life.

The basis for estimates are derived from contractor's estimates and cost with projects of similar type/scope and RSMeans, a leading provider of construction information, products and services. An escalation factor has been factored in for subsequent years. This plan reflects the true needs and the estimated cost for the division for

each project. As it is nearly impossible to accurately predict when systems or infrastructure failure will occur, the plan is subject to revisions.

#### **SCHOOL PLANNING & CONSTRUCTION**

On February 12, 2018, the City of Richmond passed a 1.5% meals tax to support construction and renovation of school buildings. The meals tax will generate \$150M over five years to support Phase I of the Capital Improvement Plan adopted by the School Board. Five new schools are scheduled to be replaced in Phase I of the plan including Greene Elementary, George Mason Elementary, Woodville Elementary, Elkhardt-Thompson Middle and George Wythe High School. This project will also be used to complete furniture, fixtures, and equipment and technology for Overby-Shepard Elementary, complete major renovations of Francis Elementary, re-zone Broad Rock and Greene Elementary Schools, and rezone Elkhardt-Thompson, Brown and Boushall Middle Schools.

#### RICHMOND PUBLIC SCHOOLS FY2017-2018 BUDGET K-3 STAFFING STANDARDS

#### Additional staffing considerations to qualify for state funding:

The State established the long-term goal of reducing pupil-teacher ratio and class size for K-3 in those schools with high or moderate concentration of at-risk students. Class size funding under this initiative varies with the concentration of at-risk students as determined by the percentage of free lunch eligibility. The table below shows a listing of elementary schools, their free lunch eligibility, the required pupil teacher ratio and the maximum allowable class size.

#### **Schools Allocations**

To provide equitable distribution of funding to all schools, allocations are based on September and December memberships as reported to the Virginia Department of Education (VDOE). Schools receive \$110 for every child counted in the September 30 membership. Further, recognizing that exceptional education students' needs go beyond those of students enrolled in the regular curriculum, schools receive an additional \$110 for every exceptional education student reported to the VDOE in December.

Annual budget allotments are based on September and December pupil counts and by employing site-based management, schools distribute dollars to various expenditure lines such as: instructional supplies, field trips, printing, staff development and equipment. Principals and their staff work collaboratively to determine the best use of resources for the upcoming school year.

Funding for utilities, building maintenance, janitorial supplies, and repair and maintenance supplies are handled by the Department of Plant Services. Purchasing oversees expenditures for postage meters, and Information Communication & Technology Services manages system-wide telephone needs including copier leases, technology equipment, service, and repairs.

Oversight of staff development funding is provided by the office of Professional Development. In the fall funds are disseminated by the Associate Superintendent for Academic Services, the Executive Directors of Elementary and Secondary Education, and the Assistant Superintendent for Financial Services. The allocation covers the cost of staff development activities in which schools and departments participate. Each school and department is required to submit a "Staff Development Plan" to ensure funding is being used to meet the goals and objectives of the Richmond Public Schools.

#### Generally

The annual school budget shall be viewed as a guide to discretionary spending. Such budget shall be an estimate of receipts and expenditures of the school division and shall contain a description of the educational program to be provided.

The School Board has final authority in determining what is included and what is excluded in the annual budget; however, the School Board is advised by the division superintendent or his/her designee of the financial needs of the school division to achieve the programs approved by the School Board.

In order for the annual budget to have the fullest support of the staff, School Board members and stakeholders, it is imperative that a transparent procedure be established which will share the budget making process with all stakeholders.

#### **Fiscal Year**

The fiscal year is defined as beginning on the first day of July and ending on the thirtieth day of the following June.

#### **Drafting of the Budget**

#### Calendar

The division superintendent or his/her designee shall prepare a budget calendar identifying all deadlines for the annual budget making process, which shall be published on the division website. The calendar shall include work sessions for reviewing the budget and at least one public hearing on the budget. The final public hearing shall be held at least seven days prior to the approval of the budget. Notice of the time and place for the public hearing must be published, at least ten (10) days in advance, in a newspaper having general circulation within the school division.

#### Classification of Expenditures

The budget shall include the following major classification of expenditures:

- 1. Instruction;
- 2. Administration, attendance and health;
- 3. Pupil transportation;
- 4. Operation and maintenance;
- 5. School food service and other non-instructional operations;

The School Board may require further detail within the above listed classification of expenditures.

#### **Presentation to School Board**

The division superintendent's budget, including the estimated required local match, for the following school year shall be presented to the School Board by the second scheduled meeting in January, or as otherwise required by law.

#### **Publication of the Budget**

Upon approval of the annual budget by the appropriating body, the school division shall publish the approved budget in line item form, including the estimated required local match, on the School Board website. Additionally, hard copies of the budget shall be made available to the public upon request.

#### **Monthly Report of Expenditures to the School Board**

The adoption of the capital and operating budgets by the School Board carries with it the authority of the administration to make such expenditures within the limits of the budget.

The division superintendent or his/her designee shall render each month to the School Board a statement of the funds in his or her hands available for school purposes and the status of each budget item.

#### **Annual Report of Expenditures to the Richmond City Council**

At least annually, the School Board shall submit to the Richmond City Council a report of its expenditures. Such report shall also be made available to the public either on the school division website or in hard copy at the central school division office. This report shall take the form of a template prescribed by the Virginia Board of Education.

#### **Budget Transfers**

The division superintendent's approval is required for all budget transfers. The School Board approval is required on any request for budget transfers in excess of \$10,000. All budget transfers, including transfers for less than \$10,000, shall be presented to the School Board or a committee thereof. #### Ordinance No. 2018-059 Capital Budget Text Amendments

#### 1. In these text amendments:

- A. The project entitled "School Planning & Construction," with Award No. 500160, is referred to as the "School Planning and Construction project."
- B. The project entitled "New School Construction," with no Award No., and identified as "New Schools Construction & Renovation" in materials submitted by the Mayor with his proposed budget, is referred to as the "New School Construction project."
- C. The project entitled "School Capital Maintenance," with Award No. 500492, is referred to as the "School Capital Maintenance project."
- 2. The following shall be the official description of the School Planning & Construction project, which shall be reflected in all publications of the adopted program of capital improvements of the City:

**Description and Scope:** This project funds the design and construction for the following schools: Greene Elementary, George Mason Elementary, Elkhardt-Thompson Middle, George Wythe High School, and Woodville Elementary. This project will also be used to complete furniture, fixtures, and equipment and technology of Overby Shepard Elementary, complete major renovations of Francis Elementary, rezone Broad Rock and Greene, and re-zone Thompson, Brown Boushall and Elkhardt.

**Purpose:** To repair and replace four existing aged school facilities with modern school comprehensive education facilities, including communities-in-schools components, all serving as major assets to the communities at large.

For the avoidance of doubt, it is the intent of this text amendment that the purpose of the appropriation for the School Planning and Construction project be identical to the purpose of the appropriation for the New School Construction project.

- 3. The expenditure of funds from the appropriation for the School Planning and Construction project is conditioned on all of the following:
  - A. The School Board providing the Director of Finance with such information as the Director of Finance may determine necessary for the Director of Finance to reconcile the books of the School Board and the City as they relate to the balance available in the School Planning and Construction project as of July 1, 2018.
  - B. The Director of Finance providing a written report detailing such reconciliation to the City Council, the Mayor, the Chief Administrative Officer, and the School Board no later than August 15, 2018.

4. The expenditure of funds from the appropriations for the School Planning and Construction project and the New School Construction project, either or both, is conditioned on the following:

No payment shall be made that has not been approved in writing by the Director of Finance or a designee thereof as being in compliance with the Public Finance Act of 1991, Va. Code Ann. §§ 15.2-2600—15.2-2663 (2012), and any other applicable restrictions imposed by the City's debt instruments. No obligation shall be incurred and no payment shall be made for an expenditure, by or on behalf of the City or the School Board, that has not been approved in advance in writing by the Chief Administrative Officer or a designee thereof, which designee shall not supervise or be supervised by the Director of Finance, as being in accordance with and within the scope of the purposes of this appropriation. Payments made and obligations incurred shall be reconciled and reported to the City Council by the Chief Administrative Officer not more than 45 days following the end of each calendar quarter.

5. Each quarter, the Chief Administrative Officer shall cause the City Council to be provided with a written reconciliation of the balances available for all capital projects carried on the books of both the City and the School Board noting any variances between the balances shown on the City's books and the balances shown on the School Board's books and providing a brief explanation of each variance. This report should be combined with other quarterly financial reports provided to the City Council.

<sup>&</sup>lt;sup>2</sup> ADM values shown are based on local projections of March 31 ADM for FY 2019 and FY 2020.

<sup>&</sup>lt;sup>3</sup> Columns may not add due to rounding.

<sup>4</sup> Projected revenue estimate. Semi-monthly payments will be based on actual sales tax receipts. Pursuant to the Appropriation Act, the Basic Aid state payment calculation is based on the appropriated sales tax distribution only and is not adjusted for actual sales tax revenues received.

<sup>&</sup>lt;sup>5</sup> The Governor's Introduced Budget assigns the entire funding for Textbooks to the SOQ area. Required Local Effort for Textbooks is based on the payments in the SOQ area.

<sup>&</sup>lt;sup>6</sup> VRS Retirement includes payments for the Retiree Health Care Credit (RHCC). Please see the Budget Variables tab for the funded RHCC rate.

<sup>&</sup>lt;sup>7</sup> Projected state payment. Final payments will be based on actual expenditures, up to the projected state payment, subject to the availability of funds.

<sup>&</sup>lt;sup>8</sup> Includes state funding for regional vocational, special, and alternative education programs and Academic Year Governor's Schools

<sup>9</sup> Payments for Remedial Summer School are based on projected FY 2019 and FY 2020 enrollment used in the Governor's Introduced Budget.

<sup>10</sup> Payments for the VPSA Technology Grants are made from bond proceeds on a reimbursement basis and may begin following each bond issuance. These payments include funding for the school division and the schools for which the division serves as the fiscal agent.

<sup>11</sup> Payments for the Virginia Preschool Initiative are based on projected FY 2019 and FY 2020 student slots used in the Governor's Introduced Budget.

<sup>12</sup> Payments for English as a Second Language are based on projected FY 2019 and FY 2020 enrollment used in the Governor's Introduced Budget.

<sup>13</sup> Governor's Introduced Budget calculates the state share of Compensation Supplement funds based on a 2% salary increase effective December 1, 2019, for funded SOQ instructional and support positions.

<sup>14</sup> The Governor's introduced budget proposes an increase of \$11.5 million in FY 2019 only to ensure that no division incurs a reduction in state funding in the first year of the new biennium, as compared to the FY 2018 state funding received under the Governor's proposed Caboose Bill amendments to the Chapter 836 budget.

<sup>15</sup> The proposed per pupil funding amount for the Supplemental Lottery Per Pupil Allocation Payment is projected at \$273.92 for FY 2019 and \$273.26 for FY 2020; the total funding level each year for the per pupil allocations account is similar to the total funding level for FY 2018 in the Chapter 836 budget.

<sup>=</sup> SOQ accounts requiring a local match for purpose of meeting Required Local Effort.

BOLD = Account funding based on ADM; any changes in ADM numbers will result in a change in the state payment amount.

<sup>&</sup>lt;sup>1</sup> This statewide prevailing rate is calculated by the Department of Education on a biennial basis during the SOQ rebenchmarking process to serve as the state funded rate for non-professional support positions in the SOQ funding formula. It is based on a linear weighted average of the 2018-2020 non-professional rates charged to each school division by VRS. Please note that the non-professional VRS rate charged to divisions by VRS differs for each division and is not based on the state funded rate.

#### REVENUE DESCRIPTIONS

PRIOR YEAR FUND BALANCE: Balance of funds not expended in the prior fiscal year.

### **LOCAL CITY FUNDS**

**CITY APPROPRIATION:** Amount of funds appropriated by City Council from City revenues.

### STATE FUNDS – SOQ PROGRAMS

**BASIC AID:** Basic state aid funds are provided for basic operational costs which cover the cost per pupil, including providing for the number of instructional positions required by the Standards of Quality (SOQ). The minimum ratio is 51 professional personnel to 1,000 pupils. The funds cover the cost for the following educational programs: regular day school, gifted, vocational, special, library, driver's education, and teacher sick leave. These funds also cover general administration division superintendent's salary, free textbooks, school nurses, operation and maintenance, transportation, staff development, remedial work, fixed charges and other charges. Basic aid funds are distributed based upon ability to pay local share of state-wide per pupil amount. FORMULA: PER PUPIL AMOUNT x ADJUSTED ADM - STATE SALES TAX x STATE SHARE COMPOSITE INDEX

**EMPLOYEE BENEFITS:** The State reimburses RPS a percentage of benefit costs (VRS retirement, group life, and social security) based on the state share of employer contributions for funded SOQ instructional and professional positions. FORMULA: PER PUPIL AMOUNT x ADJUSTED ADM x STATE SHARE COMPOSITE INDEX

**ENGLISH AS A SECOND LANGUAGE**: State funds are provided to support local school divisions providing the necessary education services to children not having English as their primary language. Funding supports the salaries and benefits of instructional positions at a standard of 17 positions per 1,000 ESL students.

**GIFTED EDUCATION:** Funds are distributed to the locality to support the state share of one full-time equivalent instructional position per 1,000 students in adjusted ADM.

**PREVENTION, INTERVENTION, & REMEDATION:** SOQ Prevention, Intervention, and Remediation funding provides remedial services to children who need additional instruction. Funding is disbursed to local school divisions to support the state share of additional professional instructional positions ranging from a pupil teacher ratio of 10:1 to 18:1 based on the division-level failure rate on the SOL English and math tests for all students at risk of educational failure (the three-year average free lunch eligibility data is used as a proxy for at risk students).

**SALES TAX:** A portion of net revenue from the state sales and use tax dedicated to public education is distributed to counties, cities, and towns in support of the Standards of Quality. The distributions are based on each locality's pro-rata share of school age population as based on the estimate of school-age population as provided by the Weldon Cooper Center for Public Service at the University of Virginia.

**SPECIAL EDUCATION:** Funding for special education provides for the state share of salary costs of instructional positions generated based on the staffing standards for special education. Each special education student is counted in their respective school and up to three disabilities per student may be recognized for calculating instructional positions for funding.

#### **REVENUE DESCRIPTIONS**

**TEXTBOOKS:** State law requires that students attending public schools receive free textbooks. State funding is provided on a per pupil basis based on the statewide prevailing per pupil cost of textbooks incurred by school divisions.

**VOCATIONAL EDUCATION:** State funds are provided to support career and technical education courses for students in grades 6-12. The funding supports the salary cost of instructional positions based on the class size maximums established by the Board of Education.

**REMEDIAL SUMMER SCHOOL:** Remedial Summer School programs provide additional education opportunities for at-risk students. These funds are available to school divisions for the operation of programs designed to remediate students who are required to attend such programs during a summer school session, or during an intersession in the case of year-round schools.

### STATE FUNDS – INCENTIVE PROGRAMS

**BONUS PAYMENT:** Bonus payment funding covers the state share of cost (including Social Security) for a percentage-based one-time payment for funded SOQ instructional and support positions.

**EARLY READING SPECIALISTS INITIATIVE:** These funds are designated to provide one early reading specialist position for all third-grade classes in schools that had a pass rate of less than 75 percent in the prior year Standards of Leaning reading test. School divisions that are affected will have to match the funding of the additional positions based on their composite index of local ability to pay. The Governor's introduced budget would allow these funds to be used for tuition for current instructional personnel to earn licensure as a reading specialist.

**GOVERNOR'S SCHOOLS:** These programs give gifted and talented high school students an opportunity to study with fellow students of similar interest and abilities from across the Commonwealth. The schools offer specialized curriculum offerings. State funds are provided to assist with the state share of the incremental costs of operations during the school year. These funds are not to be used for capital outlay, structural improvements, renovations, or fixed equipment costs. Funds may be used for the purchase of instructional equipment.

### STATE FUNDS – CATEGORICAL PROGRAMS

**ADULT EDUCATION:** State funds are provided to improve educational opportunities for adults and to encourage the establishment of adult education programs that will enable all adults to acquire basic educational skills necessary to function in a literate society. The program also enables adults to complete secondary school, obtain a GED, or to benefit from job training and retraining programs.

**SCHOOL LUNCH:** School divisions participating in the National School Lunch Program get cash subsidies and donated commodities from the U.S. Department of Agriculture for each meal they served. The lunches must meet Federal requirements, and they must offer free or reduced-price lunches to eligible children. This state reimbursement program is required by the federal National Nutrition School Lunch Program, the School Breakfast Program, and the After School Snack Program.

#### **REVENUE DESCRIPTIONS**

**SPECIAL EDUCATION - HOMEBOUND:** Homebound funding provides for the continuation of educational services for students who are temporarily confined to their homes for medical reasons. State funds reimburse school divisions for a portion of the hourly rate paid to teachers employed to provide homebound instruction to eligible children.

#### STATE FUNDS – LOTTERY FUNDED PROGRAMS

**AT-RISK:** State payments for at-risk students are disbursed to school divisions based on the estimated number of federal free lunch participants in each division to support programs for students who are educationally at-risk. Funding is provided as a percentage add-on to Basic Aid to support the additional costs of educating at-risk students.

**EARLY READING INTERVENTION:** The Early Reading Intervention program is designed to reduce the number of students needing remedial reading services. Program funds are used by local school divisions for: special reading teachers; trained aides; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in class groups while the teacher provides direct instruction to the students who need extra assistance; or extended instructional time in the school day or year for these students.

**ENROLLMENT LOSS:** Enrollment loss funding is provided to school divisions to offset some of the loss of funds due to declining enrollment from one year to the next. Current and prior year adjusted average daily membership is used to calculate declining enrollment.

**FOSTER CARE CHILDREN:** Foster care funding provides reimbursement to localities for educating students in foster care that are not residents of their school district. State funds are provided for prior year local operations costs for each pupil not a resident of the school division providing his education if the student has been placed in foster care or other custodial care within the geographical boundaries of such school division by a Virginia agency, whether state or local, which is authorized under the laws of the Commonwealth to place children. Funds also cover children who have been placed in an orphanage or children's home which exercises legal guardianship rights, or who is a resident of Virginia and has been placed, not solely for school purposes, in a child-caring institution or group home. Funds are also provided to support handicapped children attending public school who have been placed in foster care or other such custodial care across jurisdictional lines.

K-3 PRIMARY CLASS SIZE: State funding is disbursed to school divisions as an incentive payment for reducing class sizes in grades Kindergarten through three below the required SOQ standard of a 24:1 pupil-teacher ratio. Payments are based on the incremental cost of providing the lower class sizes based on the lower of the statewide average per pupil cost of all divisions or the actual division per pupil cost. Schools with free lunch eligibility percentages equaling 30 percent and greater are eligible for K-3 funding. The required ratios range from 20:1 and may go as low as 14:1 based on the free lunch eligibility rate of the eligible school.

#### **REVENUE DESCRIPTIONS**

#### K-3 PRIMARY CLASS SIZE:

| Percentage of Students Approved | Grades K-3   | Individual <u>Class</u> |
|---------------------------------|--------------|-------------------------|
| Eligible Free Lunch             | School Ratio | <u>Size</u>             |

**SCHOOL BREAKFAST:** Local school food authorities administer the School Breakfast Program at the local level. Participating schools must serve breakfasts that meet federal nutrition standards, and must provide free and reduced-price breakfasts to eligible children. This funding provides an incentive to increase student participation in the school breakfast program and to leverage increased federal funding resulting from higher participation.

**SOL ALGEBRA READINESS:** Funding is based on the estimated number of 7th and 8th grade students who are at-risk of failing the Algebra I end-of-course. This number is approximated based on the free lunch eligibility percentage for the school division.

**SPECIAL EDUCATION-REGIONAL TUITION:** Regional tuition reimbursement funding provides for students with low-incidence disabilities who can be served more appropriately and less expensively in a regional program than in more restrictive settings. A joint or a single school division operates regional special education programs. These programs accept eligible children with disabilities from other local school divisions. All reimbursement is in lieu of the per pupil basic operation cost and other state aid otherwise available.

**VIRGINIA PRESCHOOL INITIATIVE:** The Virginia Preschool Initiative provides funding for programs for un-served, at-risk four-year-old children, which include quality preschool education, health services, social services, parental involvement, and pupil transportation. Programs must provide full-day or half-day and, at least, school-year services. Educational services may be delivered by both public and private providers.
