DAVIS CONNECT

Summer Courses for Credit Recovery

To be able to take a credit recovery course, students must have taken the SAME course previously and received an "F" or FAILING GRADE on their report card or transcript for that course.

Credit recovery courses are abbreviated versions and are designed only to cover the essential content standards for a required 9-12 grade core course.

All 9-12 grade credit recovery courses are listed as "Term" courses and worth 0.25 credit. For a student to receive a full year of graduation credit, **FOUR SEPARATE COURSES MUST BE REGISTERED FOR (Terms 1-4) AND SUCCESSFULLY COMPLETED.** Students must pace themselves accordingly to complete 4 separate courses and earn a full year (1.0) graduation credit.

For a complete list of independent study credit recovery summer courses offered, please visit: <https://davisconnect7-12.davis.k12.ut.us/school-information/counseling-center/7-12course-listing> and then click on, "DAVIS CONNECT 7-12 CREDIT RECOVERY COURSE LISTING."

9 -12 Grade Online Credit Recovery Courses

Each credit recovery course is separated into four separate term course options (Terms 1, 2, 3, or 4). The content in each term should align to the curriculum found in the specific term that a student failed. The appropriate credit recovery course term should align to the matching course when registering. For example, if a student failed the 3rd term of Physics, the student should register for Credit Recovery Physics Term 3.
