Petition to Replace Numerical or Letter Grade with Pass Status

Students may use this petition to request that a passing (60+%) numerical/letter grade obtained in a class during spring semester of the 2020 – 2021 school year be replaced with a "Pass" status. The result of this is that both the student's Report Card (grades 5 – 12) and Transcript (grades 9 – 12 only) will indicate "Pass" instead of a percentage and corresponding letter grade. Consequently, the grade will not affect a student's GPA. Bear Creek's Upper School Transcript will note that a "Pass" option was available for all spring semester 2020 – 2021 courses because of the school operating semi-remotely during the COVID-19 pandemic. If you would like to make this request, please complete this **fillable form**. Please *only* list classes for which you would like a "Pass" designation instead of a numerical/letter grade.

Spring Semester Class Name:
