**We appreciate your
business!**

Happy Shopping!

In Person Sale – This year we will be offering an In-Person Plant sale on **May 6-7, 2021**. The doors will open to the public from **2:45-6:00 pm** on those two days. We will be utilizing the greenhouse and also moving tables outdoors to allow for proper social distancing to allow a safe environment for all shoppers. A 25% capacity must be maintained inside the greenhouse, so we do ask for your patience as we adhere to safety guidelines. We also ask that all customers **wear a face mask** and maintain a **6ft social distance** from other shoppers.

Payment Note: We will be accepting **cash, check** or **credit** card. If you do choose to pay by credit card, it does impose a 3.2% and \$.20 finance charge to the cardholder.

We look forward to seeing you on **May 6-7**.

Large Patio Pots - \$25 (New)

These decorative square pulp pots measure 12" by 13" at the top and 11" tall. They are potted with a variety of sun loving plants but will also do fine in partial sun. These sold so well last year, we decided to sell them again. Below are pictures of a few options you will find in the greenhouse.

Plants: *dracaena, bacopa, ivy geraniums, petunias, verbena calibrachoa, potato vine, mix masters, dichondra, diascia*

Raspberry

Raspberry Mix

Red & Orange

Hanging Baskets (13-inch round pulp baskets) - \$25

All these baskets are sun loving basket combinations. Many are combinations that we have planted in the past and some are new varieties based on customer feedback. You will order these by their name in the online order form. **Plants:** *Mixmaster varieties, bacopa, wave petunias, petchoa, verbena calibrachoa, potato vine.*

Geraniums (4-inch square pots) - \$3.00

We have the happiest geraniums in the county. They are healthy, huge and ready for a larger container. We have a variety of zonal geraniums which are upright growing and are great for flower beds or pots. They love sun, so please do not put them in the shade. Keep plucking their dead blooms to keep them blooming until frost. We have one variety of Ivy Geranium which is a trailing geranium. These are great to use as fillers and spillers in a pot or basket.

Presto Salmon

Fantasia White

Cranberry Sizzle

Fantasia Cardinal
Red

Neon Rose

Presto Orange

Ivy Geranium Focus
Red Ice

All Basket Stuffers (3.5-inch square pots unless otherwise stated) - \$2.50

Potato Vine (Ipomoea)

This is a low maintenance spiller plant that adds a pop of color with their wide foliage. You can select from green and purple varieties. They work well in containers and baskets. They prefer sun but will grow in partial sun also.

Marguerit

Blackie

New
Solar Power

Creeping Jenny (Lysimachia)

This is a great trailing addition to any basket or container. The vibrant foliage brightens up and adds texture to any design. They tolerate full sun or shade and are very versatile and low maintenance. They can even be planted as ground cover around water edges or slopes.

Lobelia- Magadi White & Blue

Add a stunning pop of blue to any sun loving basket or container mix with this plant. This is a trailing variety and vigorous grower. These plants grow best in full sun to partial shade.

Verbena

These are great for flower beds, containers, or baskets. They perform best in full sun and have a trailing habit. The more you pinch the dead blooms, the more they will bloom. You can pick from these four varieties as well as two other pink and red variegated varieties.

Salmon

Dark Red

White

Black Velvet

Pink Red Eye

Pinks 19

Bacopa

This is a vigorous growing trailing plant that can be used in any basket or container as a spiller. Its delicate white blooms add a pop of white to any design. Prefers full sun but will tolerate a minimum of 6 hours of sun per day. We have White, Pink and Purple Megacopa this year.

Calibrachoa

This is a perfect addition to add color to any basket or container. Calibrachoa is also known to many as **Million Bells** and are considered a mini petunia. They are self-cleaning, which makes less work for you. These are sun loving trailing plants but prefer at least 6 hours of sun per day. They also come in a variety of fun colors as listed below. (not pictured Terracotta and Frosty Lemon)

Terracotta

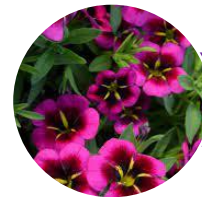

Frosty Lemon

Cabaret Red

Midnight Blue

Goodnight Kiss

Cha Cha Diva Apricot

Golden Yellow

Neon Rose

Diascia (New)

This is a delicate and frothy plant that will grow upright and spill over container edges. This plant is a relative to the snapdragon and are excellent for baskets and containers. Diascia love the sun and require 6 hours of sun per day to perform their best. We have a variety of color available. (*dark red, coral, pink, mix*)

Dark Salmon

Petchoa Supercal

These are a fun new variety that is a cross between a petunia and calibrachoa. Their motto is "super color, super easy" and the reason we thought we would try them this year. They will bloom rain or shine, hot or cold. They are vigorous growers and are available in fun colors. They prefer 6 hours of sunlight a day. We do have these two fun colors pictured below.

Snowberry

French Vanilla

Cinnamon

Bordeaux

Petunias

Petunias are a traditional vigorous growing plant that adds color to any flower bed, basket, or container. You can pinch these plants back and they get thicker and have more blooms. The more you pluck dead blooms the more they will bloom in return. They also prefer at least 6 hours of sun. We have several varieties.

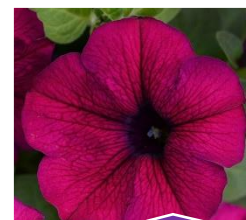

Pink Diamond

Velvet 20

Purple

Blueberry Vein

Jelly Roll

Magenta Star

Rose Stardust

Cascadia Indain
Summer

Salmon Red
Vein

Angelonia (new)

This is another new plant we are trying out this year and has had rave reviews. This plant will give you a delicate texture, height, and a pop of color to your flower beds or containers. It is a slender upright growing line flower that you will be sure to enjoy. It is tolerant to extreme garden conditions and prefers 6 hours of sun per day. We only have this one color to choose from.

Cherry
Red

Salvia Skyscraper (new) (4-inch square pots) - \$3.00

This is another new plant that we are bringing to our customers. This unique plant has great height and can be substituted for tall grasses in the center of your patio pots. Can be used in medium to large pots or as border plants in the garden. They are hearty and extremely eye-catching. They will do well in full or partial sun and attracts hummingbirds and butterflies.

Dark
Purple

Orange

Pink

Impatiens

Impatiens are wonderful choice to add sweet color to your **shade** or partial shade flower bed, basket, or container. These provide a mini rose like flower and there is no need to remove dead blooms, making them low maintenance. (*Pink Ruffle and Salsa Red*).

Begonias

This is another easy and gorgeous continuous bloom for your **shade** flower bed, basket, or container. Simply remove dead leaves and blooms when they appear, which is not often. This variety is a Nonstop Dark Red and will add a pop to your shade style design. These plants do prefer shade to partial shade like the impatiens.

Coleus (new)

These are a great way to add continuous bold color and texture to your container or flower bed. These plants are low maintenance and tolerate both sun and shade. This variety is more compact but makes a bold statement. (*Flame Thrower Chili Pepper*)

Sanvitalia Tsavo Yellow Compact (new) \$1.50

This tidy, mounded habit plant works beautifully in small pots as a solo solid color or mixed pot. Compact yellow blooms show intense yellow color with a dark eye. Add this plant for a bright pop of color and texture.

Lantana (new)

This plant loves the sun and heat and provides a delicate pop of color to any pot or border in the flower bed. This plant will bloom all summer into fall. It grows in a mounding habit and will look great wherever it is planted.

Little Lucky
Hot Pink

Little Lucky
Red

Little Lucky
Yellow

Dichondra Silver Falls (new)

This plant has silver, fan shaped foliage on silver stems. Dichondra is heat and drought tolerant and adds a splash of silver to any pot or hanging basket. This is a vigorous trailing plant and is very stunning.

Perennial Dracaena (4-inch square pots) - \$3.00

This perennial grass type plant provides height and a smooth texture to your flower bed or container. This plant works great as the "fountain" portion of your container. These can grow successfully in full sun or partial shade.

Veggies (3.5-inch square pots) - \$1.50

We have a small variety of veggie starts for your garden. Your choices are:

1. Pickling Cucumber
2. Straight Eight Cucumber

Tomatoes (3.5-inch square pots) - \$1.50

We have a variety of tomato starts for your garden. They are ready for your garden or a larger container. Choose from a variety of slicing tomatoes, roma and cherry tomatoes.

Roma

Sweet 100 Cherry

Porterhouse Hybrid

Cloudy Day Hybrid
