Principal's Report- Lara Krill

Enrollment: the number of interested families has increased and this is good news!

Pre-school will continue to have smaller class sizes until Jan of 2022. We will be using the library space for pre-school again to accommodate the classes.

In Kindergarten, the goal is 24 per class, if we get more registered, we will use the th classroom in the K-wing.

Marketing: Matt Lambert and Kathy Wood have put together some testimonial videos

Virtual Spring Gala: still in the planning stages. There were plans to have an on-line raffle, but the gaming laws changed recently and this may have to change as well. Mike Marshall from WDRB will be the MC for the event and families can purchase tickets to watch the gala virtually.

Events: Teaching tolerance workshop went well. The workshop focused on unconscious bias and how it affects your interaction with others.

The BRIGHT program will be virtual for 8th graders this year.
Derby Days is going to take place in some capacity. Plan is still developing.
The 8th graders will graduate in Mercy's gym this year to have more space to socially distance.
