

Opposition to Transfer Facility (Waste Facility)

Be it resolved, that whereas Omni Recycling of Brentwood LLC (the “Applicant”) is proposing the construction and operation of a transfer facility (the “Proposed Facility”) at 80 Emjay Boulevard in Brentwood; and

Whereas, a transfer facility is a building or processing site for the temporary deposition of waste; and

Whereas, the Board of Education of the Brentwood School District asserts that putting a solid waste facility in a low-income, predominately minority neighborhood goes against the principles of environmental justice and directly injures the residents of the Brentwood neighborhood; and

Whereas, the District is very concerned about the increased traffic the Proposed Facility will bring to the Brentwood area;

Therefore, be it resolved that the Board of Education of the Brentwood School District opposes the construction and operation of this facility.
