- Substitutes
- Volunteers- before and after school, lunch time
- Advertising school events

School report (Principal Culley) ~10 min

School Re-opening (Principal Culley) ~20 min

- Q&A

Open the Floor for Discussion
Next Meeting – February 18th, 7 a.m.

Voted Items:
1. Approval of last meetings minutes: Motion: Misty Morris. Second: Amy Jameson. Unanimously approved.

Subcommittees formed:
None

Detailed Discussion:
1. Approval of prior minutes. Approved.
2. Community Outreach (Leanne):
   b. Substitutes. PTA is working to recruit substitutes from Bonneville community.
   c. Volunteers. Parent volunteers needed for before/after school and lunch time to help with COVID precautions.
   d. Advertising school events. Sixth grade is working on a unique version of Shakespeare this year.
3. School Report (Principal Culley): Vaccine report. Several teachers and front desk staff have received the first vaccine. This Friday Mr. Culley will send out new COVID-19 procedures to community. Currently 400 enrolled. 80% in-person, 20% remote. Tomorrow K-3 students will take their MOY Acadience test. Grade level PLC’s are meeting every two weeks to discuss the students who are performing in the bottom 25% in math and reading. Student Services Committee (SSC) last year they met every month, now they are meeting every week. This committee is to address the students who are really struggling and need more targeted interventions.
4. School Re-opening (Principal Culley):
   a. School days will be M,Tu,Th, F, 8:30am-3:00pm. Jan 25th- K & 1st. Feb 1st – 2nd/3rd. Feb 8th- 4&5&6. Wednesdays will be all remote with a short AM meeting to make remote students feel connected. Specials will remain remote except PE and Library.
   b. Masks very important. Department of Public health has changed rules so that if masks are worn then close contacts don’t have to quarantine at home. Teachers are discussing mask breaks outside with distance.
   c. All meals are free so no more taking numbers, just grab a bag and go. Asking parents to send paper bag lunches, not reusable bags. Suspension of recycling due to putting students in the same place.
   d. Remote students can pick up breakfast and lunch. 8-8:20 and 10:15-10:45.
   e. Pickup and drop-off: drivers to remain in vehicle. Students must arrive and depart within 10 min of start and end times.
   f. FAQs and COVID procedures will be emailed to parents and posted on the website.
g. Q&A: Leanne asks about how lunch will be scheduled. Culley says divider of cafeteria and one grade on each side. Still working on what to do for 3rd grade. Not enough paras for in-classroom lunch.

h. Amanda asks if there will be enforcement of the flow of traffic in the indent. Specifically parking in the indent and disrupting the flow of drop-offs. Mr. Culley says he would like to be the enforcer of the indent and have parents focus on welcoming the students, kindly reminding them of mask rules. Leanne says this is an issue because parents of the lower grades really like to walk the students in or make sure that the kids get inside. Deb said that in the past one big problem has been parents pulling in to the parking lot, which is dangerous. Also, in the back people pulling in on the wrong side of the road to drop off. Maybe reminders of all these rules should be sent out to parents. Also, students will need reminders of which door to use and that they can’t go in the front door.

5. Open discussion: Leanne opens for discussion.
   a. Deb asks if we can get Bobbi the mascot to do an instructional video about how to go in the school, how to social distance, how to go to the bathroom, wash your hands, etc. Leanne says she will talk to PTA about organizing that. Parent asks for instructions with map of school and how to line up. Mr. Culley says that is included in our procedures manual and will be sent out. Mx. Taylor-Lof has some leads on people with video skills. Parent asks if volunteers will have some identification that they are volunteers helping out since mostly we are asking parents to stay in cars and not walk kids in. PTA has some yellow vest from BASH, might still be in closet.
   b. Leanne thanks everyone who has put so much time and effort into this planning.
   c. Amanda asks if there is any resolution of the bonuses going to SLCSD employees. Board President Ford says the language is still in the bill in the legislature that bonuses will go to only schools who offer in-person options. SB107 bill is another bill that is being considered where the funding will follow the students who leave the district if there is no in-person option. Amanda summarizes the Op-Ed that we wrote and got some good support from other SCCs though it was not published due to it being a moot point with the new agreement between the School Board and the legislature. Melissa Ford said she thinks everyone shares the view that our employees deserve the bonus and she has spoken to the fact that using these punitive bills is not the best way to approach it. Ford says she has heard from other elementary schools in the district and they are using Bonneville as a model regarding the re-opening plan. Ford wants to support us and asks for feedback, thinks that is the way we move forward. Lots of support voiced for Melissa Ford.
   d. Leanne asks if/how the community will be notified if there are COVID-19 positive cases. Mr. Culley says all news will be very general, can’t disclose teacher names, or grade levels. Only if your student was in direct contact will you be notified directly. There may be a district wide dashboard but not one specific to Bonneville.
   e. Mr. Culley would like to dive into Acadience data next meeting as we look toward allocating Trust Lands money for next year.

6. Adjourned 8:00pm. Next meeting Feb 18th, 7 a.m.
