### DISCUSSION AND ACTION – 15 BOLTON ROAD PROPOSED SEPTIC REPAIR

Mr. Harbinson provided background information on this item and referenced a letter from North Central District Health Department as well as septic repair design plans that were distributed to Authority members. Mr. Grasis agreed with Mr. Harbinson in that it would be very expensive to connect to the sewer. The installation would require a grinder pump and a single force main for the property Mr. Grasis said. A waiver to connect to the sewer is needed because the house is located in the sewer service area Mr. Grasis explained, and at present, the house is uninhabitable. Mr. Boynton, seconded by Mr. Tedford, made a motion to approve a waiver due to a hardship for the cost and the logistical feasibility. Discussion took place. The motion passed unanimously (4-0-0).

### ADJOURN

Mr. Tedford, seconded by Mr. Boynton made a motion to adjourn. The motion passed unanimously (4-0-0) and the meeting was adjourned at 6:10 p.m.

Respectfully submitted,

Lisa B. Yost  
Secretary, Water Pollution Control
