PART IV. DISCRETIONARY DISTRICT/SCHOOL PARENTAL INVOLVEMENT PLAN COMPONENTS

The Mesabi East School District/Mesabi East Elementary School Parent Involvement Plan may include additional paragraphs listing and describing other discretionary activities that the school

district, in consultation with its parents, chooses to undertake to build parents' capacity for involvement in the school and school system to support their children's' academic achievement, such as the following discretionary activities:

- Involve parents in the development of training for teachers, principals and other educators to improve the effectiveness of that training.
- Provide necessary literacy training for parents from Title I, Part A funds, if the school district has exhausted all other reasonably available sources of funding for that training.
- Pay reasonable and necessary expenses associated with parental involvement activities, including transportation and child care costs, to enable parents to participate in school-related meetings and training sessions.
- Train parents to enhance the involvement of other parents.
- In order to maximize parental involvement and participation in their children's education, arrange school meetings at a variety of times, or conduct in-home conferences between teachers or other educators, who work directly with participating children, with parents who are unable to attend those conferences at school.
- Adopt and implement model approaches to improving parental involvement.
- Establish a district parent advisory council to provide advice on all matters related to parental involvement in Title I, Part A programs.
- Develop appropriate roles for community-based organizations and businesses, including faith-based organizations, in parental involvement activities.
- Provide other reasonable support for parental involvement activities under section 1118 as parents may request.

Mesabi East, like most school organizations, struggles to involve a large number of parents in a variety of meetings. Successful meetings with parents often involve making some form of daycare and food available. In order to involve more parents, a small group of parents have collaborated with the school to informally design an involvement format that has shown more effective for us than any other plan. This format involves short informative meetings incorporated within other activities. For example, there may be a scheduled Family night focusing on the bullying issues in school. During this time, the school may ask parents for input on another topic related to their child's education.

PART V. ACCESSIBILITY

In carrying out the parental involvement requirements of this part Mesabi East Elementary and/or Mesabi East Schools, to the extent practicable, shall provide full opportunities for the participation of parents with children with limited English proficiency, parents with children with disabilities, and parents of migratory children, including providing information and school reports in a format and, to the extent practicable, in a language such parents can understand. **Currently, Mesabi East does not have a limited English population. Mesabi East will make every effort possible to communicate with, and involve all parents.**
