

FAST: Group Screening Report

From the Teacher view (for the Specialist view, see below):

After logging in to FAST site:

- Select the “Reporting” tab.

- From all the choices of reports, select the Group Screening Report.

The screenshot displays the 'Group Screening Report' interface. At the top, it says 'Screening & Problem Solving' and 'Group Screening Report'. Below this is a table with columns for 'Student Name', 'Fall', 'Winter', 'Spring', 'Mid of Year', 'Summer', and '4pt Percentage Break' (with sub-columns for 'Class', 'School', 'District', and 'Nation'). The table lists students and their scores for each period. Below the table, there is a list of report options:

- aReading
- AUTOreading
- CBMR-English
- Comprehension Effici...
- Early Reading English
- CBMMATH Automati...
- CBMMATH Process
- CBMmath CAP

- Select the assessment you want to look at, grade and classroom and which assessment term you want. Click on “Generate Report” at the bottom.

The screenshot shows a mobile application interface for a 'Group Screening Report'. The form is titled 'Group Screening Report' and has a close button in the top right corner. It is divided into three main sections, each with a blue header bar and a list of options below it. Red arrows point to the header bars of the first three sections and to the 'Generate Report' button at the bottom right. The first section, '1. Select Assessment', lists nine options: aReading, AUTOREading, CBMR-English, Comprehension Efficiency, Early Reading English, CBMMATH Automaticity, CBMMATH Process, and CBMmath CAP. The second section, '2. Select Grade or Class', is currently empty. The third section, '3. Select Interval', has three radio button options: Fall, Winter, and Spring. At the bottom of the form are two buttons: 'Cancel' and 'Generate Report'.

This report will help answer the following questions: What are student risk levels? What are student percentile ranks by: grade, school, district, national? What %age of students fall into each risk level? Do students meet the benchmark?

From the *Specialist* permission set, locate the specific teacher/classroom that you wish to view from the “View As” menu shown below. Continue with the process as outlined above.
