

Attendance Regulations

When a child is absent, parents are asked to please telephone the School Office at 631-434-2525 as soon as possible, but not before 8:00AM. If you know ahead of time that your child will be absent, please send a note to the school indication the duration and the reason for the absence.

The State Education Department requires the teacher to keep an accurate record of every child's attendance at school. Such records must show the absence or lateness. For this reason, all pupils are required to bring a written excuse stating the cause of the absence from parents or guardians in every case of absence upon returning to school.
