Principal's Message

I sure have enjoyed the good weather we have been having the past week. I hope you all have been as well. It seems that this year especially we all have an extra-large case of "Spring Fever" since last year was so hard on everyone. It is nice to relax and enjoy some time to recharge ourselves.

As spring weather is beginning, please continue to be mindful of our dress code. Crop tops showing midriffs, tank tops and halter tops are not allowed. Also, short shorts, running shorts, or miniskirts should be avoided (as a rule of measurement, short's hem should reach the fingertips when arms are held loosely at the side). No flip-flops or any shoe not safe for recess or PE. Thanks for your cooperation with this, parents!

Teacher and Staff Appreciation Week - April 12-16

Please join us in celebrating our wonderful faculty and staff at Dilworth this upcoming week. We've included a list of ideas for how to celebrate them. Choose one or two (or several) ways to show your love. Many of them don't even cost a thing.

- * Draw a picture of your teacher and give it to them.
- * Send a video to your teacher telling what you've loved most about being in their class.
- * Bring them a gift card or send them an electronic gift card to a local shop or restaurant.
- * Make a card for them.
- * Bring them a copy of your favorite book
- * Bring them their favorite treat.
- * Bring them flowers.
- * Bring in needed classroom supplies.
- * Write your teacher a poem.

* Give a compliment to every staff member you walk by in the halls.

COUNSELOR CORNER

Hi Dilworth families,

I hope you all are doing well. I wanted to let everyone know that in preparation for our sixth-grade students' transition to middle school, they will have the opportunity to work through the Botvin LifeSkills training program. Sixth graders will learn goal setting, decision making, friendship/relationship skills, emotion regulation and communication skills through the Botvin LifeSkills Training program. In addition to building pro-social skills, this program is a highly effective substance abuse and violence prevention program that has been proven to increase resistance to substances in multiple studies with evidence of longitudinal effects for up to 12 years after program completion. If you are interested in learning more about it, please reach out to me or go to <https://www.lifeskillstraining.com>

Please remember that I am available to support you and your students as we continue the remainder of the school year.
