I am a first-year member of Tulsa Teacher Corps.	If you have met your first-year requirements, no additional action is needed as your certificate should be valid through June 30, 2022. If this is not the case, please contact your talent strategist.
I am pursuing the bootcamp route for special education.	Contact your talent strategist.
I have already completed two years on emergency certification (all pathways).	While the Oklahoma State Department of Education may advise that additional years of emergency certification can be requested, please note that Tulsa Public Schools is not submitting emergency requests beyond the first two years. If you have not met the requirements to apply for provisional certification after your first two years on emergency certification, please contact your talent strategist to discuss next steps.
