

Business and Non-Instructional Operations

Safety

Safe and Secure School Facilities, Equipment, and Grounds

Goal: It is the goal of the Amity Regional School District No. 5 (ARSD) Board of Education (Board) to ensure that all facilities, grounds, equipment, and vehicles meet accepted injury and violence prevention standards for design, installation, use, and maintenance.

Safety and Hazard Assessments: ARSD shall develop and implement a written school security and safety plan to conduct regular safety and hazard assessments of all classrooms, buildings, school grounds, gymnasiums, playgrounds, sports-related equipment, and buses and other vehicles used to transport students.

The school security and safety plan shall be an all-hazards approach to emergencies at schools and shall include, but not be limited to:

1. Involvement of local officials, including the First Selectman/Mayor/Town Manager, Superintendent of Schools, law enforcement, fire, public health, emergency management, and emergency medical services, in the plan's development.
2. A command center organization structure based on the federal National Incident Management System and a description of the responsibilities of such command center organization.
3. A requirement that a school security and safety committee be established at each school, in accordance with the provisions of C.G.S. 10-22m.
4. Crisis management procedures.
5. A requirement that local law enforcement and other local public safety officials evaluate, score and provide feedback on fire drills and crisis response drills.
6. A requirement that the Board submit annually reports to the Department of Emergency Services and Public Protection regarding fire drills and crisis response drills, conducted pursuant to C.G.S. 10-231.
7. Procedures for managing various types of emergencies.
8. A requirement that the Board conduct a security and vulnerability assessment for each school and develop a school security and safety plan for each school based upon the school security and safety plan standards developed by the Department of Emergency Services and Public Protection. (DESPP)
9. A requirement that the Safe School Climate Committee of each school, established pursuant to C.G.S. 10-222k, collect and evaluate information relating to instances of disturbing or threatening behavior that may not meet the statutory definition of bullying and report such information, as necessary, to the district's Safe School Climate Coordinator and the school's security and safety committee.
10. A requirement that each school provide an orientation pertaining to the security and safety plan to each employee and provide violence prevention training as prescribed in the school security and safety plan. (The Department of Emergency Services and Public Protection is required to make such standards available to the Board. The Department of

Business and Non-Instructional Operations

Safety

Education is required to distribute such standards to all public schools.)

The Board will annually submit each school's security and safety plan to the Department of Emergency Services and Public Protection, with the required documentation, in the manner requested.

The plan shall include provisions for reporting hazards to appropriate staff, prompt repairs or upgrade of identified hazards and other shortcomings, and appropriate communication of repair/upgrade plans to staff, students, and family members.

Safety and hazard assessments shall be conducted for building facilities and grounds including for classrooms, gymnasiums, sports-related equipment, laboratories, and industrial arts facilities. ARSD shall report annually on safety and hazard assessments to the Superintendent of Schools or his or her designee. Written inspection reports shall be kept on file for 10 years. ARSD shall correct identified hazards before used by students, staff, or community members.

Maintenance: ARSD shall develop maintenance plans for all classrooms, buildings, school grounds, gymnasiums, playgrounds, sports-related equipment, and buses and other vehicles used to transport students. The plan shall include provisions for reporting maintenance needs to appropriate staff, schedules of maintenance activities, and communication of details to appropriate staff, students, and family members. Maintenance reports shall be kept on file for 10 years.

Supervision of Students: All school-related activities shall be supervised by adults to enforce safety rules and prevent injuries. At least one adult trained in first aid, cardiopulmonary resuscitation, and infection control shall be available when students are present on school grounds to respond to injuries and medical emergencies. All adults supervising athletic fields, gymnasiums, science classrooms, industrial arts classrooms, and cafeterias shall have easy access to appropriate first aid supplies. Supervising adults shall be informed of any relevant medical guidance on file with the school concerning limits on the participation of individual students in physical activity. Such information will be treated with strict confidentiality.

Staff Training: ARSD will provide regular training and information to all school employees pertaining to the District's school emergency management systems and protocols, including violence prevention training and emergency response procedures.

School Security and Safety Committee: ARSD shall have a school security and safety committee under the jurisdiction of the Board. Such committee is responsible for assisting in the development of the school security and safety plan for the schools and administering the plan. Membership must consist of a local police officer, a local first responder, a teacher at the school, a school administrator, a mental health professional (school counselor, social worker, school psychologist, or school nurse), a parent/guardian of an enrolled student, and any other person the Board finds necessary. Parents/guardians on the committee shall not have access to information

Business and Non-Instructional Operations

Safety

about disturbing or threatening student behavior reported to the committee, as such access may compromise student confidentiality.

Health & Safety Committee: ARSD shall provide a workplace and an environment as free as possible from recognized hazards which could cause injury or death to our employees and/or students. The Health & Safety Committee is responsible for monitoring safety performance, safety inspections, and administering the safety program for ARSD.

Membership

1. The Safety Committee will be composed of representatives from each of the ARSD's employee groups.
2. Whenever deemed necessary, interested employees will be invited to attend a specific meeting.
3. If a hazard is to be corrected through engineering methods, then the Town Engineer or Building Inspector or similarly skilled person should be invited to the meeting to give his/her professional advice.

Responsibility

1. The Health & Safety Committee will be responsible for administering a health safety program. The committee will meet on a regular schedule with additional meetings when needed.
2. The committee will meet to:
 - a. review accident and injury reports and to assure there have been measures taken to correct the conditions that may have caused the accidents;
 - b. review any and all safety inspections and submit to departments for necessary corrections; and
 - c. review all maintenance work, orders pertaining to safety, and set priorities on these orders.

Policy Evaluation: The Health & Safety Committee shall regularly monitor, evaluate, and submit an annual report to the Superintendent on the implementation of this policy and its effectiveness in reducing injuries at school. The report shall include recommendations for improvements to the policy and its implementation.

Use of School Security Consultants: When determined necessary, the District will utilize qualified school security consultants operating in Connecticut. Such consultants used will be listed on the registry maintained by the Department of Emergency Services and Public Protection and published on its website.
