Title I Notification Process for a Parent's Right to Know

Calvert County Public Schools Title I Notification Process for a Parent's Right to Know. The Superintendent of Calvert County Public Schools provides Principals of Title I Targeted Assistance Schools with a letter pursuant to Federal Legislation Elementary and Secondary Education Act (ESEA) known as Parent's Right to Know.

Principals ensure Right to Know Letters go home with every child within the first month of the new school year. Principals serve as the contact person for all parent requests. Principals will send requests for employee qualification to the Calvert County Public Schools Human Resources Department who will provide them with the information needed. The Principal will then provide that information to the parent who requested it. The Principal will contact the Title I Office within the Department of Instruction if further assistance is required.
