

Taft will continue to require that each student — domestic or international — have a parent or guardian who can collect a student — healthy or ill — from campus within 48 hours of the school requesting the student leave campus. For those unable to identify a 48-hour parent or guardian for your child, we are aware of a number of organizations who can provide these and other services for your child during the school year. A list of such organizations can be found below. Families should reach out to such organizations directly to evaluate their services and safety protocols.
