Dear Parent(s)/Guardian(s),

The school website now has **ALL** the required forms needed for the 2021-2022 school year. Please complete and return appropriate forms for your child to the health office. Please note the following:

- All students entering 6<sup>th</sup> and 9<sup>th</sup> grade (2021-2022) school year are mandated by the State Dept. of Education to have a complete physical exam (health assessment). Please have your child's physician complete the **HEALTH ASSESSMENT RECORD** form. Please note that (Part 2-Medical Evaluation) must be completed and documented by the physician in its entirety, to include all areas that have an asterisk (\*) Hemoglobin/Hematocrit, Vision, Hearing, and Postural Screening, Height/Weight/Blood Pressure, Chronic Disease Assessment and Record of Immunizations. In addition, (Part 3-Oral Health Assessment/Screening) must also be completed by a Dentist or Physician. A signature is needed by the parent/guardian at the bottom page of Part 3. The front page of the Health Assessment form is to be completed by the parent/guardian. Health Assessments are also required for new incoming students **PRIOR** to enrollment (to include **UPDATED** immunization requirements). A medical exemption certificate (to include all required documentation), is presented by the child's healthcare provider, certifying that the required vaccination(s) is medically contraindicated due to the student's medical condition.
- If your child participates in sports, a yearly physical is required. Please have your Physician complete the **Health Assessment Record Form**.
- ALL students must have the **Emergency Contact Form** filled out and returned **each school year**. It is essential to have emergency contact phone numbers on file in the health office. Please review and complete the form in its entirety.
- The **Authorization for Administration of Medication** form is to be used for any medication your child will receive at school. The "Authorization for Medication form" must be completed by the physician and parent/guardian if your child needs to take medication regularly in school (start and termination dates not to exceed a 12-month period). This includes the Physician's order for Epipen/Antihistamine if your child has been diagnosed with Anaphylaxis/Allergies. (**Allergy and Anaphylaxis Emergency Plan form needed for Epipen orders**).

Please contact the school nurse at 860-868-6205 or email at [poidomanie@region-12.org](mailto:poidomanie@region-12.org) if you have any questions/concerns. Thank You in advance for your cooperation.
